

[257-228]

**GENERAL PURPOSE INSECTICIDE SPRAY**

Non-Toxic to Humans and Pets

Non-Flammable

ACTIVE INGREDIENTS:

Pyrethrins	.10%
**Piperonyl butoxide, technical	.20%
! N-octyl bicycloheptene dicarboximide	.33%
Petroleum distillate	.48%

INERT INGREDIENTS:

	98.89%
Total	100.00%

\*\* Consists of 0.16% (butylcarbityl) (6-propylpiperonyl) ether and 0.04% related compounds.

!MGK Insecticide Synergist, U.S. Pat. No. 2,476,512.

DIRECTIONS FOR USE

Space Spray to Kill Flies (including DDT-resistant strains), Mosquitoes, Gnats and Flying Moths: Shake container gently to be sure contents are uniformly mixed. Pour in sprayer. Close doors and windows and turn off ventilating equipment. Mist all parts of the room or area at a dosage of one fluid ounce of dilute spray per 1000 cubic feet of space. Repeat as needed.

Contact Spray to Kill Roaches, Waterbugs, Crickets and Exposed Forms of Crawling Grain Pests: Shake container gently as above. Apply as a coarse spray to all cracks and crevices in woodwork, beneath sirks, dark places behind pipes and in all places where these insects rest, contacting as many insects as possible with the spray. Repeat applications as often as necessary to gain control. For grain weevils, cadelles, grain moths, flour beetles and grain mites apply as a coarse spray to all infested surfaces, insect hiding places and insect runways at the rate of one gallon of dilute spray on 750 square feet of area. Repeat when necessary.

CAUTION

KEEP OUT OF REACH OF CHILDREN

While this spray can be safely used around food and food utensils, they should be protected from direct contact during spraying. Keep containers closed. Remove birds and fishbowls from room being sprayed. Do not spray plants or shrubs.

Manufactured By FULD BROS., INC.-BALTO. & CALIF.

Net Contents 1 Liquid Gallon
