Shake Well Before Using

Makes Indoor Air Pleasant. Use any place where people gather: Office - Institution - Factory - School - Restaurant. Contains ingredients that have received approbation of recognized authorities in medical and scientific fields (names furnished by request).

DIRECTIONS

How to Use: Remove protective cap. Hold dispenser upright. Point opening on valve away from person. Press valve. Spray into room immediately after occupancy so as to leave a mist. Spray regularly.

As a Deodorant: Makes indoor air pleasant and destroys many disagreeable odors such as stale smoke, garlic, onions, fish, animal, body, disease, perspiration and decay. Odors are destroyed quickly and effectively--not just covered. Spray 3 to 5 seconds into the air.

CAUTION:

Do not spray near eyes. In case of contact flush eyes with plenty of water for 15 minutes. Get medical attention if required.

Avoid contact with skin.

Avoid contamination of food.

Do not store at temperatures above 120°F.

Do not puncture or incinerate.
