

# MANUAL

For the control of woody plants on utility rights-of-way, in forest management, and in rangeland clearance.

**ACCEPTED**  
OCT 3 1972  
UNDER THE FEDERAL INSECTICIDE FUNGICIDE AND RODENT CIDE ACT FOR ECONOMIC POISON REGISTERED UNDER NO. 11-14. SUBJECT TO ATTACHED COMMENTS.

**CAUTION:** Keep out of reach of children. See other cautions on right panel.

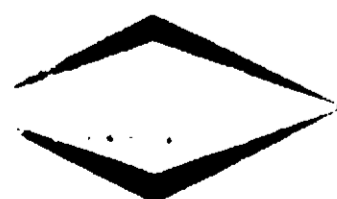

**ACTIVE INGREDIENTS:**

2,4,5-Trichlorophenoxyacetic acid, butoxyethanol ester . . . . . 59.7%

**INERT INGREDIENTS:**

40.3%

2,4,5-Trichlorophenoxyacetic acid equivalent 42.9% by weight or 4 pounds per gallon.

When spraying is a specialized operation, see the manufacturer's technical guidance for each site and consult a competent, reliable professional. Be familiar with state laws governing the application of herbicides. Do not use aerial sprays in areas where possible drift may injure valuable crops or plants.

**GENERAL INFORMATION**

TRINOXOL is a concentrated formulation of 2,4,5-T as the low volatile butoxyethanol ester. TRINOXOL is recommended for controlling resistant species such as oak, maple and persimmon.

TRINOXOL is formulated to mix with straight oil. It should not be used in water or oil-water sprays.

TRINOXOL is not recommended for selective weed control in crops.

**TO PREPARE A SPRAY:** Add one-half the required amount of oil to the spray tank, then add this product with agitation and finally the balance of the oil with continued agitation. Do not let water get into the finished mixture. When diluting, the material must be thoroughly mixed before using. If the material is allowed to stand for any length of time after dilution, it should be stirred again before using.

TRINOXOL is formulated to mix with straight oil.

TRINOXOL	effective for controlling	
ALBEECH	HICKLEBERRY	SALMONBERRY
ASH	LOCUST	SASSAPARILLA
ASPEN	MANZANITA	SCOTCH BROOM
BELL	MESQUITE	SPICEBUSH
BIRCH	OAK	SUMAC
BURDOCK	OSAGE	SWEET GUM
BUCKLEBERRY	ORANGE	THIMBLEBERRY
BURDOCK	PERSIMMON	VINE MAPLE
BUCKLEBUSH	PINE	VIRGINIA
BUTTLEBALL	POISON IVY	WALNUT
CASCARA	POISON OAK	WILD GRAPE
CHERRY	POPULAR	WILD ROSE
CHERRYBERRY	POST OAK	WILLOW
CHERRYBERRY	RASPBERRY	WITCH HAZEL
CHERRYBERRY	RED MAPLE	WILLOW
CHERRYBERRY	RED OAK	WILLOW
CHERRYBERRY	SALIC	WILLOW

**WINDING UP SPRAYS DURING COLD WEATHER:** Extra care must be taken to thoroughly mix the product. Good mixing can be achieved by slowly and continuously agitating the mixture. The required amount of concentrate with an equal volume of oil before spraying.

**CAUTION**

Harmful if swallowed. Avoid contact with skin, eyes or clothing.

Do not use around trees, water parks, or other recreational areas.

Avoid spray drift to adjacent areas such as cotton, tobacco, and other sensitive crops. This product may cause injury to sensitive crops if likely to drift. Do not use same spray equipment for other purposes.

Under very high temperatures of use, vapors from this product may injure susceptible plants in the immediate vicinity. Do not store near fertilizers, seeds, insecticides, or fungicides. Do not use in a greenhouse.

Do not graze dairy animals on treated areas within 6 weeks after application. Do not slaughter meat animals grazing on treated areas within 2 weeks after application.

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas. Do not contaminate any body of water by washing of spray equipment or disposal of waste. Do not contaminate water used for irrigation or domestic purposes.

Rinse spray equipment and containers and the pose of liquid wastes in a pit in non-crop area away from water supplies and not accessible to livestock. Do not reuse empty container. Store in a safe place.

**Do not use this product for purposes other than those recommended on the label.**

**WARRANTY**

The chemical warranty of this product is limited to the product as shown on the label. The warranty is given in the ingredients statement and the product is suited for the purposes described when used according to directions. Because of the broad range of conditions which may be encountered with the use of this product, it is not possible to eliminate all risks. Even though the directions are followed exactly, the user must make no other, extreme or improper applications and no agent of Amchem is authorized to make any guarantee or warranty. This product is sold as a general use herbicide. The manufacturer assumes no liability for the product as used in any other application. The product is sold on a "as is" basis. The manufacturer assumes no liability for the product as used in any other application.
