

APR 29 1975

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under 264-86 EPA Reg. No.

CONTENTS GALLONS

AMINE 2,4,5-T FOR RICE

Amine 2,4,5-T For Rice is formulated to contain 4 pounds 2,4,5-T acid equivalent per gallon and has been effective in killing certain broadleaf weeds in rice.

CAUTION: Keep out of the reach of children.
See other cautions on side panel.

ACTIVE INGREDIENTS:
*Triethylamine salt of 2,4,5-trichlorophenoxyacetic acid 56.8%

INERT INGREDIENTS: 43.2%

*2,4,5-trichlorophenoxyacetic acid equivalent 40.6% by weight or 4 pounds per gallon.

GENERAL DIRECTIONS

AMINE 2,4,5-T FOR RICE is an amine formulation of 2,4,5-Trichlorophenoxyacetic Acid for selective weed control in rice. This formulation is less injurious to rice than the 2,4-D formulations and more effective in controlling broadleaf weeds such as curly indigo and Mexican weed when they present a problem in rice. The desired amount of AMINE 2,4,5-T FOR RICE is mixed with water. For ground application total spray volume is from 5 to 10 gallons per acre. For aerial application total spray volume is from 2 to 5 gallons per acre.

DIRECTIONS FOR USE (For Control of Broadleaf Weeds in Rice)

Use ¾ quart to 1¼ quarts of AMINE 2,4,5-T FOR RICE per acre for the control of certain broadleaf weeds in rice such as curly indigo and Mexican weed. Application should be made 2 to 3 weeks after flooding, or 7 to 10 weeks after planting when rice is fully tillered. If application is made earlier, injury to rice may cause slight yield reduction. However, if a serious infestation occurs 4 to 5 weeks after planting, the injury to rice from spraying at this time may be less serious than yield reduction obtained by weeds. Do not spray the rice in the boot stage.

CAUTION

Harmful if swallowed. Avoid contact with skin, eyes or clothing.
Avoid spray drift to susceptible plants such as cotton, beans, tomatoes, tobacco, and ornamentals as this product may cause injury. Coarse sprays are less likely to drift. Do not use same spray equipment for other purposes.
Do not store near fertilizers, seeds, insecticides, or fungicides. Do not use in a greenhouse.
Keep out of lakes, streams or ponds as this product will kill fish. Do not contaminate water used for irrigation or domestic purposes.
Do not graze dairy animals on treated areas within 6 weeks after application. Do not slaughter meat animals grazing on treated areas within two weeks after application. Do not use around homes or Recreation areas.
Rinse spray equipment and containers and dispose of liquid wastes in a pit in non-crop lands away from water supplies and not accessible to livestock. Do not reuse empty containers. Destroy in a safe place.
Do not use this product for purposes other than those recommended on the label.

WARRANTY

Amchem warrants that composition of this product conforms to the chemical description given in the ingredient statement and the product is suited for the purposes described when used according to directions. Because of the broad range of conditions which may be encountered with the use of this product, it is impossible to eliminate all risks, even though label directions are followed. Amchem therefore makes no other express or implied warranty, and no agent of Amchem is authorized to do so. Buyer agrees in purchasing this product to assume the risks and in the event of damages arising from a breach of the warranty to accept refund of the purchase price of the product as full discharge of Amchem's liability.
