AMCHEM[®] BK

WOODY PLANT HERBICIDE

Controls woody plants on
utility rights-of-way
and along highways.

CAUTION: Keep out of reach of children. See other cautions on right side panel.

ACTIVE INGREDIENTS:

*2,4-Dichlorophenoxyacetic acid, butoxypropyl esters 35.3%

**2,4,5-Trichlorophenoxyacetic acid, butoxypropyl esters 33.4%

INERT INGREDIENTS:

*2,4-Dichlorophenoxyacetic acid equivalent—
2 lb./gal. or 21.8% /wt.

**2,4,5-Trichlorophenoxyacetic acid equivalent—
2 lb./gal. or 21.8% /wt.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

CAUTION

Irritant if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Avoid breathing vapors or spray mist. Remove and wash contaminated clothing before reuse. Wash thoroughly before eating or smoking.

Statement of Practical Treatment

In case of contact wash skin with soap and water; for eyes flush with water for at least 15 minutes and get medical attention. Never give anything by mouth to an unconscious person. Get medical attention.

Environmental Hazards

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

Directions for Use

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply when:

weather conditions favor drift from treated areas.

Do not use around the home, in parks or recreation areas.

Do not graze dairy animals on treated areas within 6 weeks after application.

Do not graze meat animals on treated areas within 2 weeks of slaughter.

Do not use the same spray equipment for other purposes unless thoroughly cleaned. Do not contaminate water used for domestic or irrigation purposes. Do not use in or near a greenhouse.

Do not apply AMCHEM BK Woody Plant Herbicide directly to, or permit mist or drift to fall on, such crops as grapes, tomatoes, fruit trees, vegetables, flowers or other desirable crop or ornamental plants which are susceptible to 2,4-D or 2,4,5-T herbicide. Do not apply near susceptible plants since very small quantities of the 2,4-D or 2,4,5-T will cause severe injury during the growing or dormant periods. Crops contacted by AMCHEM BK sprays or spray drift may be killed or suffer significant stand loss with extensive quality and yield reduction.

Do not apply when a temperature inversion exists, such condition is characterized by little or no air movement and an increase in air temperature with an increase in height. Inversions begin at night or mist may form. An inversion may be detected by feeling the breeze change and checking for a layer of fog or frost. If question exists, contact the nearest Farm Advisors or contact with the Agricultural Extension Office in making application.

BK HERBICIDE

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Irritates the eyes, skin, and mucous membranes. Wash skin or on clothing. Avoid contact with eyes. If contact occurs, wash contaminated clothing before reuse. Wash thoroughly after eating or drinking.

Statement of Practical Treatment

In case of contact wash skin with soap and water. Flush eyes with water for at least 15 minutes and get medical attention. Never give anything by mouth to an unconscious person. Get medical attention.

Environmental Hazards

This product is toxic to fish. Keep out of lakes, streams, ponds, and contaminate water by cleaning of equipment or disposal of waste.

Directions for Use

It is a violation of Federal Law to use this product in any manner inconsistent with its labeling.

Do not apply when weather conditions favor drift from treated areas. Do not use around the home, in parks or recreation areas. Do not graze dairy animals on treated areas within 6 weeks after application. Do not graze meat animals on treated areas within 2 weeks of slaughter. Do not use the same spray equipment for other purposes. Always thoroughly cleaned. Do not contaminate water used for domestic or irrigation purposes. Do not use in or near a greenhouse. Do not apply AMCHEM BK Woody Plant Herbicide directly to or permit mist to drift onto cotton, corn, grapes, tomatoes, fruit trees, vegetables, flowers, or other desirable crops or ornamental plants which are susceptible to 2,4-D or 2,4,5-T herbicide. Do not apply near susceptible plants since very small quantities of the 2,4-D or 2,4,5-T will cause severe injury during the growing or dormant periods. Crops contacted by AMCHEM BK sprays or spray drift may be killed or suffer significant stand loss with extensive quality and yield reduction. Do not apply when a temperature inversion exists. Such a condition is characterized by little or no air movement and an increase in air temperature with altitude. It is frequently associated with fog or low clouds. An inversion may be detected by putting a thermometer in the air and checking for a layering effect. If question exists, participate in the weather service that covers your area with a weather service bureau making an application.

When using this product, follow the directions on the label. Do not use in any manner inconsistent with the label. Do not use in any manner inconsistent with the label.

For aerial or ground application, use the nozzle size and spray pressure recommended on the label. Do not use in any manner inconsistent with the label. Do not use in any manner inconsistent with the label.

Apply this product in the manner specified on the label. Do not use in any manner inconsistent with the label. Do not use in any manner inconsistent with the label.

STORAGE AND DISPOSAL STATEMENTS

Do not store or use near food, feedstuff, fertilizers, seeds, or other pesticides. Do not burn. Open dump.

Container Disposal

Do not reuse for any other purpose. Do not reuse for any other purpose. Do not reuse for any other purpose.

Do not reuse for any other purpose. Do not reuse for any other purpose. Do not reuse for any other purpose.

Do not reuse for any other purpose. Do not reuse for any other purpose. Do not reuse for any other purpose.

WARRANTY

AMCHEM warrants that the composition of this product conforms to the chemical description given in the ingredient statement and that the product is suitable for the purposes described when used in accordance with the label. Because of the many different conditions which may prevail, neither AMCHEM nor the manufacturer of this product can be held responsible for any loss or damage resulting from the use of this product. AMCHEM therefore makes no other express or implied warranty, and the user assumes all liability for any loss or damage resulting from the use of this product. The warranty is limited to the product and does not extend to any other product or service.
