

TECHNICAL 2,4-DB

4. *Conclusions*—The results of this study suggest that the use of a single, standardized, and validated questionnaire is a feasible and reliable method for assessing the prevalence of musculoskeletal disorders in a large, multi-site, multi-disciplinary research project. The prevalence of musculoskeletal disorders was high in this study, with 60% of the study population reporting at least one musculoskeletal disorder. The prevalence of musculoskeletal disorders was higher in the study population than in the general population, suggesting that the study population may be at a higher risk for musculoskeletal disorders. The results of this study suggest that the use of a single, standardized, and validated questionnaire is a feasible and reliable method for assessing the prevalence of musculoskeletal disorders in a large, multi-site, multi-disciplinary research project.

For use in the manufacture of herbicides:

1. The first group of variables is the set of variables that are used to describe the individual's characteristics. These variables are: age, sex, education, income, and occupation. These variables are used to describe the individual's characteristics and are used to explain the variation in the dependent variable.

$$A_{\text{eff}} = A_{\text{eff}}(\omega) = \frac{1}{2} \int_0^{2\pi} |A(\theta, \omega)|^2 d\theta = \frac{1}{2} \int_0^{2\pi} |A(\theta, \omega)|^2 d\theta \quad (6)$$

TECHNICAL 2,4-DB

4(2,4-dichlorophenoxy) butyric acid

For use in the manufacture of herbicides.

ACTIVE INGREDIENTS:

4-(2,4-dichlorophenoxy) butyric acid minimum 97%

INERT INGREDIENTS: maximum 3%

CAUTION

Keep out of reach of children. Harmful if swallowed.

Irritating Dust: Avoid inhaling or contact with skin or eyes. In case of contact, flush with plenty of water and see that eyes get medical attention.

Do not store near insecticides, fertilizers, fungicides and seeds. Do not use in equipment or in containers in which you have handled or will handle other agricultural chemicals.

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of waste. Do not contaminate water used for irrigation or domestic purposes.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

For manufacturing purposes only. Manufacturer to furnish user with complete directions for use in accordance with this material.

Form No. 3456 1-73 J.M. Brooks
