SUPPLEMENTAL LABELING BUCTRIL BRAND HERBICIDE

EPA Reg. No. 264-437-AA

READ AND FOLLOW THE ENTIRE LABEL FOR BUCTRIL BRAND HERBICIDE BEFORE PROCEEDING WITH THE USE DIRECTIONS CONTAINED IN THIS SUPPLEMENTAL LABELING.

"Label" as used in this supplemental labeling refers to the EPA approved label for BUCTRIL brand Herbicide.

FOR AERIAL APPLICATION IN FRESNO COUNTY, CA ONLY From February 15, through March 31, only.

For aerial applications outside these dates, refer to the EPA label.
For ground application and chemigation, refer to the EPA label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.
This label must be in the possession of the user at the time of application.

IMPACTED AREA

This label is to be exercised in the area contained inside the following boundaries within Fresno County, California only.
North: Fresno County Line
South: Fresno County Line
East: State Highway 99
West: Fresno County Line

GENERAL INFORMATION

Observe the following directions to minimize off-site movement during aerial application of BUCTRIL brand Herbicide. Minimization of off-site movement is the responsibility of the grower, Pest Control Advisor, and aerial applicator.

Always read and follow the label directions and precautionary statements for all products used in the aerial application.

See the "GENERAL INFORMATION" and "MIXING, LOADING AND HANDLING INSTRUCTIONS" sections of the label for essential product information.

See "SPECIFIC CROP RECOMMENDATIONS" section for specific rates, crops, and application timing.

DRAFT

WRITTEN RECOMMENDATIONS

A written recommendation MUST be submitted by or on behalf of the applicator to the Fresno County Agricultural Commissioner 24-hours prior to the application. This written recommendation MUST state the proximity of surrounding crops, and that conditions of each manufacturer's applicable product label(s) and this label have been satisfied.

AERIAL APPLICATOR TRAINING AND EQUIPMENT

Aerial application of BUCTRIL brand Herbicide is limited to pilots who have successfully completed a Fresno County Agricultural Commissioner and California Department of Pesticide Regulation approved training program for aerial application of herbicides. All aircraft must be inspected, critiqued in flight, and certified at a Fresno County Agricultural Commissioner approved fly-in. Test and calibrate spray equipment at intervals sufficient to insure that proper rates of herbicides and adjuvants are being applied during commercial use. Applicator must document such calibrations and testing. Demonstration of performance at the approved "fly-ins" constitutes such documentation, or other written records showing calculations and measurements of flight and spray parameters acceptable to the Fresno County Agricultural Commissioner.

BUFFER ZONES

AVOID DRIFT -- DO NOT APPLY WHEN WINDS ARE GUSTY OR UNDER ANY OTHER CONDITION WHICH FAVORS DRIFT. DRIFT MAY CAUSE DAMAGE TO DESIRABLE VEGETATION. TO PREVENT INJURY TO ADJACENT DESIRABLE VEGETATION, APPROPRIATE BUFFER ZONES MUST BE MAINTAINED.

Use the following guidelines when aerial applications are made near desirable vegetation. Apply only when wind direction will not permit drift on to susceptible crops and desirable vegetation.

1. Do not apply within 100 feet of all desirable vegetation or crop(s).
2. If wind up to 5 miles per hour is blowing toward desirable vegetation or crop(s), do not apply within 500 feet of the desirable vegetation or crop(s).
3. Winds blowing from 5 to 10 miles per hour toward desirable vegetation or crop(s) may require buffer zones in excess of 500 feet.

Drift control additives may be used. When a drift control additive is used, read and carefully observe the cautionary statements and all other information appearing on the additive label. Use of such additives shall not alter or modify the requirements contained within manufacturer's applicable product label(s) or this label.

APPLICATION AT NIGHT - Do not apply this product by air earlier than 30 minutes prior to sunrise and/or later than 30 minutes after sunset without prior permission from the Fresno County Agricultural Commissioner.

For additional information regarding proper aerial application of BUCTRIL brand Herbicide call 1-800-334-9745.

For MEDICAL and TRANSPORTATION emergencies ONLY call 24 hours a day 1-800-334-7577.

Read the "LIMITED WARRANTY AND DISCLAIMER" statement on the BUCTRIL brand Herbicide label before using this product. Those terms apply to this supplemental labeling.
