**Subject:** Notification of Minor Modification to Product Label  
for Iprodione Technical (EPA Reg. No. 264-452) in  
accordance with PR Notice 98-10.

Dear Sir or Madam:

Please find enclosed a notification of minor modification to the product label  
for Iprodione Technical (EPA Reg. No. 264-452) in accordance with PR  
Notice 98-10.

As requested by EPA Region 2 (Ms. Luz Garcia), please provide us a receipt/  
stamped-acceptance of this notification as soon as possible (e-mail addresses:  
[gregory.mattern@bayercropscience.com](mailto:gregory.mattern@bayercropscience.com) and [garcia.luz@epa.gov](mailto:garcia.luz@epa.gov)) due to  
imported product being held in bonded warehouse.

Specifically, we have added the text "Produced for ..." before the company  
name "Bayer CropScience" as this material has in the past been produced by  
BASF (iprodione was required to be divested/licensed to BASF in Europe,  
where they purchased the manufacturing plant formerly owned by Bayer  
CropScience). Additionally, we have updated the Conditions, Disclaimer of  
Warranties, and Limitations of Liability sections on page 2 to make consistent  
with the most recent Agency guidance.

We believe that this notification is consistent with the provision of PR Notice  
98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been  
made to the labeling or the confidential statement of formula of this product.  
Bayer CropScience understands that it is a violation of 18 U.S.C. Sec. 1001 to  
willfully make any false statement to EPA. We further understand that if this  
notification is not consistent with the terms of PR Notice 98-10 and 40 CFR  
152.46, this product may be in violation of FIFRA, and we could be subject to  
enforcement action and penalties under sections 12 and 14 of FIFRA.
