4. Revise the Environmental Hazards statement to the following:

"This pesticide is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless in accordance with the requirements of a National Pollutant Discharge Eliminations System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not dis charge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency."

5. Under Directions for Use, revise the text "1) the following uses: sugar beets, red beets, spinach;" to read the following:

"1) the following uses: sugar beets, garden beets, spinach, and the Special Local Needs (SLN) registration for use on Swiss chard grown for seed in Washington State."

6. One of these statements may be added to a label to allow reformulation of the product for a specific use or all additional uses supported by a formulator or user group:

"This product may be used to formulate products for specific use(s) not listed on the MUP label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such use(s)."

- OR -

"This product may be used to formulate products for any additional use(s) not listed on the MUP label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such use(s)."

- 7. Place the statement "Do not contaminate water, food, or feed by storage or disposal." directly below the "STORAGE AND DISPOSAL" heading.
- 8. Change the heading "Storage" to "Pesticide Storage".
- 9. Revise the Container Disposal section in accordance with PR Notice 2007-4. Please note that 40 CFR Part 156.140(a)(4) requires that a lot number, batch code, or other code used to identify the batch of the pesticide product which is distributed and sold be placed on <u>nonrefillable</u> containers. The code may appear either on the label or durably marked on the container itself.

A stamped copy of your labeling is enclosed for your records. Submit one (1) copy of the revised final printed label for the record before you release the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.
