

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREGISTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i>	EPA REGISTRATION NO. 266-20002	DATE OF ISSUANCE 10/11/88
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Sodium Hypochlorite	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Hill Brothers Chemical Company
 1675 North Main Street
 Orange, CA 92667

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the General Registration Standard - "Guidance for the Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the Sole Active Ingredient"--issued February 1986 and revised April 1986, EPA has reregistered the product listed above in accordance with FIFRA section 3(g). EPA has also reviewed your response to the Sanitizer Label Improvement Program issued July 25, 1986 and has determined that your product is in compliance with the program.

The labeling accepted under this General Registration Standard must bear the following EPA Registration Number:

EPA Registration No. 266-20002.

This EPA registration number supersedes your current EPA Registration Number 266-34, and must appear on your product label at the next printing, or within 1 year of issuance of this notice of reregistration, whichever occurs first.

This number must also appear on all supplemental registrations that may have been issued for your product, and must appear on these labels at the next printing, or within 1 year of issuance of this Notice of

Reregistration, whichever occurs first. It is not necessary to reapply for a change in the supplemental Registration Numbers. The Agency will update these records automatically.

As you are aware, as part of your response to the Guidance Document, you submitted a statement of "Certification for General Registration/Reregistration for Sodium or Calcium Hypochlorite" in which you certified that your product meets the criteria for reregistration under this Standard. Failure to comply with this Certification may result in the Agency's issuance of a Notice of Intent to Cancel the registration under FIFRA section 6(b)(1).

EPA Letter Dated:
October 11, 1988

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 2061-20002

CORROSIVE

The product in this container has been packaged and labeled in strict compliance with applicable federal and local laws and regulations in effect at the time of packaging and it may not be re-packaged in any container without prior written permission from the administrative office of Hill Brothers. Re-packaging without permission places responsibility for any subsequent loss and/or claim solely on the re-packager.

The information contained hereon is based on data considered accurate, but no warranty is expressed or implied regarding the accuracy of these data or the results to be obtained from the use thereof. User of the product assumes the risk in his use of this material.

8

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent cannot be discharged into lakes, streams, ponds, or public waters unless a discharge permit is obtained. For guidance, contact the regional office of the Environmental Protection Agency.

NET CONTENTS:

NOT FOR HOUSEHOLD USE - FOR INDUSTRIAL USE ONLY

DANGER!

CAUSES BURNS OF EYES AND SKIN
CAUSES RESPIRATORY TRACT IRRITATION

- Do not get in eyes, on skin, on clothing.
- Do not take internally
- Avoid breathing vapor.
- Keep container closed
- Use with adequate ventilation
- Wash thoroughly after handling

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse. **Get medical attention immediately.** In case of ingestion, if person is conscious, give him large quantities of gelatin solution or milk. If these are not available, drink large quantities of water. Do not give vinegar. **Get medical attention immediately.**

SPILLS: Contain spill and pump into marked containers for reclamation or disposal. Small spills can be neutralized with sodium sulfite, sodium bisulfite or sodium thiosulfite before disposal.

HANDLING & STORAGE: Protect against physical damage of container. Store in a cool, dry, well-ventilated area away from heat and oxidizing agents. Use equipment designed for liquid bleach service for handling sodium hypochlorite. Wear chemical goggles or full face shield, mechanical filter respirator, rubber gloves, aprons and boots.

For additional information, see Material Safety Data Sheet (MSDS) for this material.
