**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wash hands after use. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Do not spray animals. Remove pets, birds and cover fish aquariums before spraying. Do not use on food crops.

In case of eye contact, flush eyes with plenty of water. Get medical attention if irritation persists.

PHYSICAL OR CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. Do not use or store near fire, sparks, or heated surfaces. Turn off pilot lights in gas appliances and unplug or turn off electrical equipment in the use area. After airing out phase is completed, relight pilot lights and reconnect electrical current. Do not smoke in the use area. Contents under pressure. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Incineration of container may cause explosion.

STORAGE AND DISPOSAL

STORAGE. Do not store near heat or open flame. Keep in locked storage area.

CONTAINER DISPOSAL. Replace cap and discard container in trash. Do not incinerate or puncture.

LOT No

WARRANTY STATEMENT

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage resulting from its misuse as such, or in combination with other materials.

NET WT. 13 OZ

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Shake well before each use. Remove protective covers. Aim spray opening away from person. Push button to spray.

Food should be removed or carefully covered before treatment. All food processing surfaces should be covered before treatment or thoroughly cleaned before using. In food processing plants apply when plants are not in operation.

FOR HOUSEFLIES, MOSQUITOES AND GNATS: Close doors and windows. Point nozzle upward, direct spray mist to all parts of the room, especially windows and other light sources which attract insects. Fill the room with mist, then leave treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

WASPS: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

FOR CRAWLING INSECTS: Roaches, earwigs, mites, sowbugs, spiders and centipedes. Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes, sinks, under refrigerators, baseboards, and similar areas. Spray directly on insects where possible. Repeat as necessary.

ANTS: Spray trails, nests and points of entry on ants where possible. Repeat as necessary.
