DIRECTIONS

Paint or Spray Surfaces Until Wet

ANTS, WATERBUGS, and SILVERFISH: Treat all cracks and crevices of the areas in which these insects are seen. Pay particular attention to sinks, baseboards, pipe openings, pantry shelves, kitchen cabinets and basement drains. VOO DOO will leave a residue that will be toxic to these insects for several weeks. Repeat as often as necessary to maintain effective control.

ANTS: Paint or spray VOO DOO on surfaces traveled by Ants. Spray or pour into ant hills; VOO DOO will not harm grass. VOO DOO will leave a residue that will be toxic to these insects for several weeks. Repeat as often as necessary to maintain effective control.

CARPET BEETLES: Apply VOO DOO to areas of the floor, baseboards door saddles, shelves of closets, under carpets, or where these insects may be found. Repeat as often as necessary to maintain effective control. VOO DOO will leave a residue that is toxic to these insects for several weeks.

BROWN DOG TICKS: Paint or spray VOO DOO on floors, around baseboards, windows and door frames, wall cracks, sleeping quarters of household pets and localized areas of floor and floor coverings. Replace bedding of household pets with fresh bedding. Repeat applications as often as necessary to maintain effective control.
