

[270-7]

FARNAM

DIRECTIONS
SHAKE WELL BEFORE EACH USE

Hold bomb about one foot from animal, pointing orifice toward animal before pushing top of valve to spray. APPLY to ANIMAL, using fast circular motion. Do not hold bomb in one place. Make sure the following principal feeding places on the animal are lightly misted: (1) Legs (2) Underside and stomach (3) Back of shoulders and neck (4) Around ears. About 8 seconds is required for entire application to average size animal. Repeat when necessary.

AS A WOUND PROTECTANT — Mist directly onto surface wounds, minor cuts and skin abrasions to keep flies away and thus avoid infection from flies.

NOTE: Do not use on horses intended for slaughter. Repeat all treatments when necessary.

CAUTION: For animal use only. Not for use on humans. Avoid spraying toward eyes. Avoid contact with skin. **WARNING:** Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° Fahrenheit may cause bursting. Never throw container into fire or incinerator.

ACTIVE INGREDIENTS: Butoxypolypropylene Glycol 26.700%; Pine Oil 21.806%; Citrus Oil 5.450%; Rotenone .136%; Cube Resins other than Rotenone .408%.

INERT INGREDIENTS: 45.500%.
