| Pyrethrin I and II..... | 0.40% |
| Butoxy Polypropylene Glycol..... | 50.00% |

INERT INGREDIENTS:..... 48.60%

* Equivalent to 0.80% (butylcarbityl)(6-propylpiperonyl) ether and 0.20% of related compounds.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Back Panel for Additional Cautions

NET CONTENTS: 32 FL OZ (1 QUART)

Faint, illegible text at the bottom of the page, possibly bleed-through from the reverse side.

BACK PANEL

CAUTION

For animal use only. Not for use on humans. Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. Avoid contamination of food. Rinse container thoroughly with water and discard it.

This product is toxic to fish. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS

Do not use on animals intended for human consumption.

SHAKE WELL BEFORE USING

Mix REPEL-X Emulsifiable Fly Spray with water at proper dilution. First put the required amount into sprayer or mixing container. Then add water according to directions and mix thoroughly before using.

IMPORTANT: Mix fresh solution before each use. Apply with pressure sprayer, or you can sponge it on horses. Make sure animal's coat is thoroughly wet all over with the solution (approximately 32 ounces to completely saturate the animal's coat and skin). Avoid getting solution into the animal's eyes.

HORSES: To protect them from Horn Flies, Houseflies, Gnats and Mosquitoes apply at a 1 to 7 dilution. Each pint of concentrate makes 1 gallon of finished spray. Repeat application every 3 to 4 days or as often as needed. Where Horse Flies, Deer Flies (Tabanids), Stable Flies, or Ticks are a problem, apply a 1 to 4 dilution and repeat as often as needed.
