SHAKE WELL BEFORE USING

Push Button Grooming With New Fly Repellent Action

New coat dressing and conditioner — formulated with absorbable lanolin. Combats dull, dry hair. Conditions the hair deep down as it brightens the coat. Also contains a powerful fly repellent. Repels house flies, stable flies, horn flies, gnats and mosquitoes.

Top Gloss highlights your horse's natural color and conformation. Leaves a sleek, satin shine. Covers the coat quickly and evenly. Plus it has a light, pleasing fragrance. It's the ideal coat dressing and conditioner for horses and show cattle.

DIRECTIONS

First curry comb and brush the horse to remove dirt and dandruff. Hold the container ten to twelve inches from the hair and apply with a rapid circular motion. Spray the coat, mane, and tail. Then brush once lightly to a high gloss shine. You can then saddle up right away for a blue ribbon performance.

CAUTION: FLAMMABLE Do Not Use Near Fire or Open Flame. Do not expose to cold or heat. Do not store at temperature above 120°F. Do not puncture or incinerate. Contents under pressure. Avoid contact and repeated breathing of vapors and dust content.

ACTIVE INGREDIENTS: Hexamethylcyclotrioxane 1.00%, Diethyl sebacate 0.40%, Isobutyl stearate 0.60%, Lanolin Ester 9.00%
INERT INGREDIENTS: 89.00%
