

For Use On
Horses and Ponies

FLYS-AWAY II REPELLENT

Formulated specially for use on horses and ponies. Also for use on horses and ponies as a surface wound protectant to keep flies away. Protects against horn flies, house flies, stable flies, gnats and mosquitoes.

NET WT. 10 OZ.

CAUTION: Keep Out of Reach of Children
See back panel for additional cautions

DIRECTIONS

SHAKE WELL Before Each Use

Hold bomb about one foot from animal pointing orifice toward animal before pushing top of valve to spray. APPLY to ANIMAL, using fast circular motion. Do not hold bomb in one place. Make sure the following principal feeding places on the animal are lightly misted: (1) Legs (2) Underside and stomach (3) Back of shoulder and neck (4) Around ears. About 8 seconds is required for entire application to average size animal. Repeat when necessary.

AS A WOUND PROTECTANT — Mist directly onto surface wounds, minor cuts and skin abrasions to keep flies away and thus avoid infection from flies.

NOTE: Do not use on horses intended for slaughter. Repeat oil treatments when necessary.

CAUTION: For animal use only. Not for use on humans.

If swallowed do not induce vomiting. Vomiting may be harmful. Consult physician. Keep out of eyes. If contact occurs wash eyes immediately with water. Avoid contamination of food.

DANGER: Extremely flammable, contents under pressure! Do not use near fire, heated surfaces, sparks, or flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

ACTIVE INGREDIENTS: Pyrethrins 0.10%, Piperonyl Butoxide 0.80% (equivalent to 0.64% (butylcarbityl) (6-propylpiperonyl) ether and 0.16% of related compounds), Di-n-propyl Isocinchomerate 0.20%, Butoxy-polypropylene Glycol 10.00%, Pine Oil 10.00%.

INERT INGREDIENTS: 78.50%
