L

Farnam Companies, Inc.
2230 East Magnolia St.
Phoenix, AZ 85036

Best Available Copy

NOTE: Changes in labeling or formula differing in substance from that approved in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of the information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this registration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of the product by this Agency. In order to protect health and the environment, the Administrator, on his own motion or any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of a name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The following paragraphs are applicable only when checked:

The registration for this product is being issued with the understanding that certain defects in the labeling which are noted below will be corrected as soon as possible. Objections are not raised to the use of the present labeling for a reasonable period of time while fully corrected labeling is being prepared. Three copies of the corrected labeling must be submitted.

The name Change to "Super Swat Fly Repellent" is acceptable.

What is "dazzle"? Please be mindfull of the fact that any pesticide that is referred to on a label must be registered with EPA or the reference must be deleted from the label.

Note that this submission was processed and accepted under the 1947 Federal Insecticide, Fungicide, and Rodenticide Act. At any time as re-registration is required or amendments are proposed, the Registration, Re-registration and Classification Procedures, as published in the Federal Register on July 3, 1975, will be applied. Refer to Section 102.23 of that document. Refer also to P.R. Notice 75-1 and 75-4.

SUPER-SWAT FLY REPELLENT For Use on Horses and Ponies SHAKE WELL BEFORE USING

Super-Swat Fly Repellent, the non-oily fly repellent, has been developed for use on horses and ponies. It can be applied with the trigger spray applicator or as a wipe. Super-Swat Fly Repellent is the perfect complement to "Dazzle".

Super-Swat Fly Repellent kills and repels Stable Flies, Horn Flies, House Flies, Flies, Mosquitoes, and Gnats. Also kills fleas, lice, and ticks.

Directions for Wipe-on Use (Shake Well Before Using): First, brush hair to remove dirt. Then dampen a Farnam Applicator Mitt or cloth with Super-Swat Fly Repellent. Rub on to the legs, snouters, shanks, neck, and facial areas. Repeat as necessary. Do not spray directly with Super-Swat.

Directions for Spray (Shake Well Before Using): First, remove excess dirt and grime with a heavy spray to the hair, paying particular attention to legs, shoulders, and neck. Then soak the hair and skin. Allow to dry and brush. Do not spray around head or eyes.

CAUTION: Harmful if swallowed. Avoid contamination of feed and foodstuffs. Destroy by perforating or crushing and burying in a safe place.

This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not allow rain to occur. Do not contaminate water by cleaning of equipment, or disposal of waste, as specified on this label.

Do not use on horses that are to be used for human consumption.

ACTIVE INGREDIENTS: Pyrethrins 0.36%, Piperonyl Butoxide Tech. 0.72% (equivalent to (6-Propylpiperonyl) Ether and 0.14% of related compounds); N-octyl bicycloheptane 2,3:4,5-bis(2-butylene tetrahydro-2-furaldehyde) 1.00%; Butoxypolypropylene Glycol 1.00%

INERT INGREDIENTS: 86.72%
