and directions for use accompanying literature.

NET CONTENTS: 1/2 Fl. Oz.

ACCEPTED

OCT 25 1984

U.S. Environmental Protection Agency
Federal Insecticide, Fungicide, and Rodenticide Act
EPA Reg. No. 270-207

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Simply snip off the corner of individual foil packet where marked and add complete contents to 16 ounces of water in sprayer.

HORSES AND PONIES: To protect horses and ponies from horn flies, house flies, mosquitos and gnats, apply a light mist sufficient to wet the surface of the hair. To control stable flies, horse flies and deer flies, apply at a rate of 2 ounces per adult horse, sufficient to wet the hair thoroughly. Repeat treatment daily or at intervals necessary to give continued protection.

DOGS AND CATS: Spray the animal from a distance of 3 to 12 inches. Starting at the tail move the sprayer rapidly making sure that the animal's entire body is covered including legs and underside. While spraying, fluff the hair so that spray will penetrate to the skin. Make sure spray wets thoroughly. Do not spray into eyes or face. Repeat as necessary.

KENNELS AND BEDDING: To control fleas and brown dog ticks thoroughly spray infested areas, pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, mouldings, windows and door frames, and entire areas of floor and floor covering. Fresh bedding should be placed in animal quarters following treatment. Repeat treatment as necessary.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

C A U T I O N

Harmful if swallowed. Avoid contamination of feed and foodstuffs. Avoid inhalation of vapors. Avoid contact with skin. Remove birds and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Contact a physician or Poison Control Center immediately.

Do not induce vomiting unless directed to do so by a physician.

IF INHALED: Remove affected person to fresh air. Apply artificial respiration if indicated.

IF IN EYES: Flush eyes with plenty of water. Contact a physician if irritation persists.
