Your amended application of January 12, 1996

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following changes and submit one (1) copy of revised labeling to us before you ship product:

1. As indicated on Page 24 of the Rotenone Standard, the ingredient statement for products must list the actives as:
