### ACTIVE INGREDIENTS:

Methomyl [S-Methyl N-[(methylcarbamoyl) oxy] thioactimidate] .....	1.000%
Z-9 Tricosene .....	0.025%
<b>INERT INGREDIENTS:</b> .....	<b>98.975%</b>

Keep Out Of Reach Of Children

## CAUTION

EPA Reg. No. 270-255

EPA EST No. 44616-MO-03

NET WT. 1 OZ (28 g)

DO NOT REMOVE LABEL

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. ..

DIE FLY™ disposable bait station contains an advanced formula bait containing TRICOLURE sex attractant and feeding adjuvants which attract both sexes of the house fly and many other pest fly species including little house flies, flesh flies, blow flies, and eye gnats directly to the bait. Use at the rate of approximately 4 bait stations per 500 square feet of fly feeding area. Hang bait stations out of reach of food producing animals, pets, and children, or place stations on ground or other surface only in areas

inaccessible to food producing animals, pets, and children. **TO ACTIVATE STATION:** Peel off label by pulling tab.

Use **DIE FLY™** bait stations only around the outside of feedlots, dairies, stables, broiler houses, hog houses, livestock barns, kennels, meat and poultry processing plants, canneries, supermarkets, refuse containers, and dumps. Bait may be used on walkways in caged layer houses.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store in cool dry place inaccessible to children and pets.

**CONTAINER DISPOSAL:** Do not reuse container. Wrap in newspaper and discard in trash.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Avoid contact with skin, eyes, or clothing. Do not contaminate water, feed or foodstuffs by use, storage or disposal. Do not apply where poultry, animals, pets or children can contact bait. Do not use in homes or where milk is processed or stored. Do not feed treat garbage. Do not use in areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Call a physician immediately.

**IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water. Wash contaminated clothing before reuse.

**IF IN EYES:** Flush with plenty of water, call a physician immediately.

**NOTE TO PHYSICIAN:** Methomyl is a cholinesterase inhibitor. Atropine is antidotal. Administer intravenously or intramuscularly if IV injection is not possible.

### ENVIRONMENTAL HAZARDS

Exposed surfaces treated with this bait are hazardous to birds and other wildlife. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not contaminate water when disposing of equipment washwaters.

US Patent 5,008,107. Other patents pending.

*Manufactured For:*  
**FARNAM COMPANIES, INC.**  
Omaha, Nebraska 68112

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Hold eyelids open and flush with water for 15 minutes. Get medical attention immediately.

IF SWALLOWED: Call a physician or Poison Control Center. Drink promptly a large quantity of milk, egg white, gelatin solution, or if these are not available, large quantities of water. Avoid alcohol.

IF INHALED: Remove victim to fresh air. If not breathing, apply artificial respiration. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate use of gastric lavage.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public water unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your state water board or regional office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use only in formulating other copper hydroxide products. Products formulated from this product will require registration with the Environmental Protection Agency.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in ventilated, cool area away from sources of heat and flame. Keep in tightly closed original container.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of Federal law.

**BEST AVAILABLE COPY**

If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Wastes representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty bag by tapping sides and bottom to loosen clinging particles. Then dispose of empty bag in sanitary landfill, or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.
