Phoenix, AZ 85013

Dear Dr. Veith:

Subject: Amendment - Revised Labeling
Farnam Dog Dip
EPA Registration No. 270-266(Formerly ~~602-309~~)
Your Application Dated April 14, 1993

65992-3

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. Under Hazards to Humans and Domestic Animals, revise the statement, "Harmful or fatal if swallowed." to "May be fatal if swallowed."
2. Under the Environmental Hazards statement, revise the statement, "Do not contaminate water by disposing of equipment or disposal of wastes." to "Do not contaminate water when disposing of equipment washwaters."

Submit five copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DIP DEFINITION:

TO DIP: Place dog into dipping solution quickly and remove immediately. Do not ~~submerge~~ the dog's head under the solution or allow dog to remain in dipping solution for long periods of time.

FOR WATER SPRAY OR DIP: Mix 1/2 pint of dip with 8 gallons of water, or mix 1 ounce (2 tablespoons) of dip per gallon. Dip. Repeat treatment at weekly intervals for 2 or more applications as needed.

NOTE: All dogs must be treated thoroughly, including inside of ears. Two applications, a week apart, may be necessary. Infested premises should be sprayed using 1 pint of dip to 16 gallons of water; replace litter. Children under 13 should not be allowed to handle or apply this product. An individual applicator must not apply this product more than 12 times per year. Each treatment of three dogs or fewer should be considered one use. Applicators must wear long-sleeved shirt; long pants; elbow-length waterproof gloves; waterproof apron; and unlined, waterproof boots. Improper dilution could cause serious injury to your dog. For kennel, commercial, farm and sport dog used only.

"Used dip solutions must be disposed of in accordance with the Resource Conservation and Recovery Act (RCRA). If the applicator generates more than 1000kg used dip solution in combination with other hazardous waste, the material must be treated as a hazardous waste subject to subpart C of RCRA. Any user who wishes to treat, store or dispose of hazardous waste must obtain a permit to serve as a hazardous waste facility pursuant to RCRA."

STORAGE AND DISPOSAL

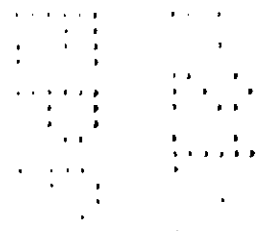

DO NOT STORE NEAR HEAT OR OPEN FLAME.

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA regional office for guidance.

CONTAINER DISPOSAL: Do not reuse empty container. Wrap container in newspaper and put in trash.

1 GALLON OR MORE: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS.

WARNING: Harmful or fatal if swallowed. Do not treat dogs within 30 days prior to giving birth to young. Do not treat nursing animals. Do not treat dogs less than 4 months old. Avoid contact with skin, eyes or clothing. Avoid contamination of feed and foodstuffs. Avoid breathing of vapor or mist. May be absorbed through skin. Wash hands and face thoroughly after handling and before eating or smoking. Do not treat toy breeds or dogs weighing less than 20 lbs. of body weight. Do not allow dogs to ingest dip concentrate or solution. Ingestion can cause serious injury to your dog.

Do not dip dogs with long or excessive hair coats. This may cause excessive amounts of dip to accumulate and cause serious injury to your dog.

Do not allow dogs to groom or lick themselves immediately after dipping. Symptoms of overdosage may include trembling, salivation, arching of back, staggering and falling. At the first sign of adverse reactions, consult a veterinarian and thoroughly wash animals to remove excess dip or spray.

STATEMENT OF PRACTICAL TREATMENT:

IF SWALLOWED: Call a physician or Poison Control Center immediately.

DO NOT INDUCE VOMITING: Vomiting may cause aspiration pneumonia.

IF INHALED: Remove the victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician immediately.

NOTE TO PHYSICIAN: Solvent presents aspiration hazard. Gastric lavage is indicated if material was taken internally.

ENVIRONMENTAL HAZARDS: This product is toxic to fish, birds and other wildlife. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL AND CHEMICAL HAZARDS: Do not use, pour spill or store near heat or open flame.
