Subject: Label Amendment and Registration Review Label Mitigation for Stabilene and Permethrin – Removal of Dogs Per the Stabilene Interim Decision and Inclusion of Language from the Permethrin Interim Decision
Product Name: Equicare Flysect Super-7 Repellent Spray
EPA Registration Number: 270-300
Application Date: December 10, 2020; June 11, 2021; June 8, 2021
Decision Number: 568694; 576410; 577677

Dear Ms. Huebl:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin and Stabilene Final Interim Decisions, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the

EPA Reg. No. 270-300
Decision No. 568694; 576410; 577677

website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jennifer Gaines by phone at (202) 566-2685, or via email at gaines.jennifer@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is cursive and somewhat stylized.

In case of medical emergencies or health and safety inquiries, or in case of fire, leaking or damaged containers or for product use information, call (800) 234-2269.	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE. Keep away from heat and open flame. Contains alcohol. Do not apply to painted or finished wood surfaces.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For use on horses only. For indoor or outdoor use. Not for use on horses under 6 weeks old or those intended for slaughter. Do not apply over cuts, wounds, or irritated skin. Do not apply near eyes, nose and mouth. Apply sparingly around ears. **Wash hands with soap and water promptly after use.** The preferred application time is at the end of the day once the animal is ready to rest. If used during the day, allow [product] to dry before turn-out of the horse. Avoid applying [product] if you expect the animal to be outdoors during a heavy rain.

USE RESTRICTIONS

Do not use in outdoor residential misting systems.

Only spray in a well ventilated area.

Do not spray product when food is present.

Do not apply this product in a way that will contact any person either directly or through drift.

Keep people out of the area during application.

Do not allow the product to enter indoor or outdoor drains . (No permita la entrada a desagües internos o externos.) Follow proper disposal procedures on this label. (Siga las indicaciones del etiquetado para el desecho apropiado del producto.)

Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours).

For initial treatment, apply daily for 2-3 days. As infestation subsides, repeat treatment every 5-10 days or as prescribed by a veterinarian. If the product is removed from the horse by washing or exposure to heavy rain, reapply. Do not apply more than one time per day.

USE AS A SPRAY

USE ONLY IN WELL VENTILATED AREA. HOLD BOTTLE IN UPRIGHT POSITION WHEN SPRAYING:

Horses: May be used only for direct application to horses, indoors or outdoors in close proximity to the stable, or indoor premises (stables). Do not allow product to contact animal's eyes, nose, mouth, or sores during application. Thoroughly brush the horse's coat, prior to application, to remove loose dirt and debris. For dirty horses, and as a preparation for show grooming, clean the coat with a quality shampoo. Wait until coat is completely dry before applying. Cover entire surface of animal with spray but avoid getting product into horse's eyes, nose, mouth, or sores. Brush coat against grain while spraying to insure adequate penetration of product. As a wipe, apply liberally with a clean cloth or sponge. Make sure spray has completely dried before covering with any tack.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in original container in a dry place inaccessible to children and pets. If a leaky container must be contained within another, mark the outer container to identify the contents. Store pesticides away from food, pet food, seed, fertilizers, and veterinary supplies. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Nonrefillable container.

Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for local disposal options. Do not pour or dispose of down-the drain or sewer.
