FIRST AID

If swallowed: Call a poison control center or doctor immediately for treatment. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and flush slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes. Then continue flushing eye. Call a poison control center or doctor for treatment advice.

In case of contact with skin: Wash with soap and water. If irritation occurs, stop use. Call a poison control center or doctor for treatment advice.

When the product container is empty, it should be disposed of as directed. Do not reuse.

Keep this product container closed when not in use. Do not use if the container is damaged or leaking.
