AEH CONCENTRATE WEED, GRASS, AND BRUSH KILLER

- For Home Use Only
- For Control of Weeds and Grasses
- Has No Soil Activity
- Fast Acting Formula Kills Actively Growing Weeds in 1-4 Days
- Fast Acting Formula
- Kills Weeds in 1-4 Days
- Kills Weeds - Roots and All
- Treated Areas Can Be Reseeded or Replanted 4 Days after Application
- Rainfastness in as Little as 4 Hours for Most Species
- Rain Proof in as Little as 4 Hours for Most Species
- Works in 24 Hours
- Starts to Kill in the Same Day
- Makes up to [insert maximum number for finished gallons per container] Gallons
- Covers up to [insert maximum number of square feet per container] Square Feet
- Kills Right to the Root
- Kills Most Weeds in 1-4 Days

NOTIFICATION
JUL 14 2003

ACTIVE INGREDIENT:

glufosinate-ammonium (CAS# 77182-82-2)	5.78%**
OTHER INGREDIENTS:	<u>94.22%</u>
TOTAL	100.00%

**Equivalent to 0.5 pounds of active ingredient per U.S. gallon.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

EPA Reg. No. 270-317

EPA Est. No. 

Net Contents: [Various sizes up to 2 gallons]

Farnam Companies, Inc.
301 West Osborn Road
Phoenix, AZ 85013

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Causes eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Do not allow children or pets to enter treated areas until the spray has dried.

Environmental Hazards

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

IF SWALLOWED:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
<p>In case of medical emergencies or health and safety inquiries, or in case of fire, leaking or damaged containers or for product use information, call (888) 241-9547. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.</p>	

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read the entire label before using this product and use only according to the label instructions. In California, this product is for homeowner use only.

AEH Concentrate is for home use only for killing weeds, grass, brush and vines around trees, shrubs, fences, walks, patios, driveways, sidewalks, in flower beds, around houses, buildings, wooded lots, storage and recreational areas and to spot kill weeds in lawns. This product is a weed, grass, brush and vine killer that will injure or kill most green vegetation contacted. It will kill most annual and perennial weeds, grasses and other unwanted vegetation. AEH Concentrate will control or suppress the brush and vines listed on the label. AEH Concentrate will not interfere with seed germination or root growth of desirable plants. Treated areas can be reseeded or replanted immediately after the spray has dried; however, waiting at least 4 days after the application before reseeding, replanting, or disturbing the treated vegetation is recommended for maximum exposure to weeds.

To avoid spray drift onto desirable plants, do not spray during windy conditions. If spraying in areas adjacent to desirable plants, use a shield made of cardboard, plywood, or sheet metal while spraying to help prevent spray from contacting foliage of desirable plants. If spray contacts desirable plant foliage, immediately rinse the foliage with water. To avoid tracking product onto desirable vegetation, keep people and pets off treated areas until the spray is thoroughly dried.

HOW TO MIX AND APPLY

Mix 3 fluid ounces (6 tablespoons) to 8 fluid ounces (16 tablespoons) of AEH Concentrate per gallon of water to treat up to 1,000 square feet. Apply AEH Concentrate at dosages indicated in the following table as a coarse spray with a pump-up or other type of hand-held sprayer. Fill the sprayer with water first and then measure and add the appropriate amount of this product. No agitation is needed. Thorough spray coverage of undesirable vegetation is necessary, but avoid spray run-off.

Target	Fluid Ounces* Per Gallon of Water	Tablespoons* Per Gallon of Water
General and Annual Weed Control	3 to 6	6 to 12
Tough to Control Perennials, Brush, Vines and Wood Plants	6 to 8	12 to 16

*Do not use measuring devices for any other use.

Repeat treatments may be necessary to control plants generating from underground parts or seed. AEH Concentrate works best in warm sunny weather with daytime temperatures above 60° F. Weed control may be reduced or delayed when applications are made to weeds under stress due to drought or cool temperatures. Always use the high rate of this product within the recommended range given in the above table when weed growth is heavy, dense and/or when weeds are well established.

HOW TO CLEAN UP

To clean up after application, triple rinse the spray tank and flush all sprayer components with water to remove residues of this product. Empty rinse water onto bare soil or gravel. After thorough cleaning, equipment may be used to apply other products.

LAWN RENOVATION

Apply AEH Concentrate to renovate lawns containing a mixture of grasses and broadleaf plants. Best results are obtained when at least one mowing is skipped prior to treatment. This allows the spray to contact more leaf surface area. Thorough coverage of all existing vegetation is necessary. Wait until the treated plants are dead before reseeding or replanting the area to ensure that AEH Concentrate has had sufficient time to control the weeds. Best results are obtained on mixed grasses and broadleaf plants when 8 fluid ounces (16 tablespoons) per gallon of water are used. Repeat applications may be necessary on Zoysia, Bermuda grass and indeterminate grasses.

USE IN AND AROUND FLOWER AND ORNAMENTAL BEDS

Apply AEH Concentrate to control weeds growing in and around flowers, ornamentals, trees, and shrubs. Avoid spray contact of foliage and green bark of desirable plants. Once the weeds are dead, any adapted ornamental variety may be planted in the treated area.

TRIMMING AND EDGING

Apply AEH Concentrate to trim and edge around trees, shrubs, landscape beds, sidewalks, driveways, and sprinkler heads. A straight trimming edge can be obtained on turf species such as: Rye grasses, Bermuda grass*, Bahia grass*, Kentucky Bluegrass, Fescues and St. Augustine grass*.

*Repeat applications may be necessary to control these species.

USE ON BRUSH AND VINE SPECIES

When applied as recommended, AEH Concentrate will provide control or suppression of the following brush and vine species. Mix 8 fluid ounces (16 tablespoons) per gallon of water and apply as a coarse spray with a pump-up or other type of hand-held sprayer.

- Blackberry, European
- Cedar
- Deer brush
- Douglas fir
- Gallberry
- Greenbriar, roundleaf
- Hazel
- Honeysuckle
- Huckleberry, evergreen
- Maple, big
- Maple, vine

- Oak
- Pine
- Poison-ivy
- Poison-oak
- Rose, multiflora
- Salmonberry
- Sumac
- Sweet gum
- Thimbleberry
- Trumpet creeper
- Varnishleaf

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Store in a cool, dry place inaccessible to children and pets. **DISPOSAL:** **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or call 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITED WARRANTY AND DISCLAIMER

Buyer assumes all risk of use, storage or handling of this material not in strict accordance with directions and usage. In no event shall seller's liability exceed the purchase price of this product.
