NOTIFICATION

FEB 28 2002

READ ENTIRE LABEL BEFORE EACH USE
FOR USE IN HORSE BARN AND STABLES
AND ONLY ON HORSES, PONIES AND FOALS
NOT FOR USE ON HORSES INTENDED FOR SLAUGHTER

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO KILL AND REPEL FLYING INSECTS IN HORSE QUARTERS: Use this product in horse barns and stables to kill and repel stable flies, house flies, horn flies, deer flies, horse flies, horse gnats, mosquitoes, gnats, ticks (including Deer Ticks), fleas, chiggers, and lice. Apply undiluted or dilute according to spray or spot spray (See).

Surface Spraying: Use a good sprayer adjusted to deliver a coarse wet spray. Apply as a coarse wet spray using 1 pint per 1,000 square feet. Direct the spray wherever flies congregate or alight, such as windows and partitions, front and rear doorways, feed storage rooms, alleyways and walkways. Spray around outside of door frames and screens to render them ineffective to insects. This helps to repel insects and prevent entrance into building.

Sprayer Spraying: Remove horses prior to application. Before application, close doors, windows and other openings and shut off ventilating systems in residential dwellings in such as possible. Apply with a good machine adjusted to deliver a fine mist or fog. Direct spray at an upward angle, distributing it uniformly throughout the entire area at a rate of 2 fluid ounces per 1,000 cubic feet (10 ft x 10 ft x 10 ft). Apply by directing spray toward ceiling and corners until the space is filled with mist. For best results, keep doors and windows closed, when possible, for 10 minutes during spraying and after application. Applicator must not remain in treated area. After the 10 minute treatment period, the area should be opened and ventilated prior to reoccupation by humans or animals.

Do not use where livestock (other than horses) are housed or fed, or where livestock feeds are stored. Do not contaminate water, food or feedstuffs, milk or milking utensils. Do not repeat treatment more than once every day.

FOR HORSES USE FULL STRENGTH. This non-ally toxic repellent may be applied with a trigger spray applicator, or as a wipe. Kill and repel stable flies, house flies, horn flies, deer flies, horse flies, horse gnats, mosquitoes, gnats, ticks, fleas, chiggers, and lice. Not for use on horses intended for slaughter.

Directions for Trigger Spray Use: Remove excess dirt and dust. Apply light spray mist to coat while brushing lightly against lay of the hair. Avoid spray to eyes and mucous membranes. Apply with sprayer or cloth to these areas.

Directions for Wipe-on Use: Thoroughly brush horse to remove excess dirt and dust. Extremely dirty horses should be shampooed, rinsed, and allowed to dry before applying wipe. Use a sponge or clean wet cloth or mitt. Apply liberally over areas to be protected. Pay special attention to legs, belly, shoulders, neck, and facial areas. Avoid eyes and mucous membranes.

FIRST AID

- If in eyes:**
 - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye.
 - Call a poison control center or doctor for further treatment advice.
- If on skin:**
 - Wipe off contaminated clothing.
 - Rinse skin immediately with plenty of water for 15-20 minutes.
 - Call a poison control center or doctor for treatment advice.
- If swallowed:**
 - Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow.
 - Do not induce vomiting unless told to do so by the poison control center or doctor.
 - Do not give anything by mouth to an unconscious person.
- If inhaled:**
 - Move person to fresh air.
 - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.
 - Call a poison control center or doctor for further treatment advice.

In cases of emergency or for product information, call (800) 285-1880. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION

HUMANS: Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.
ANIMALS: Avoid contact with eyes, or mucous membranes. Avoid treatment of foals under 6 weeks of age unless prescribed by a veterinarian.

Circle letter before EPA Est. location corresponds to the first letter of the lot number on bottom of container.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not apply where runoff is likely to occur.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
PESTICIDE STORAGE: Store in original container in a cool, dry place, inaccessible to children and pets. Do not store near heat or open flame.
IF EMPTY: Do not reuse this container. Place in trash or offer for recycling if available.
IF PARTLY FILLED: Call your local solid waste agency or call 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
