Plant Growth Regulator

RELEASE^R PLUS

Soluble Powder

List No.

Active Ingredient:
 Gibberellic Acid 7.5%
 Inert Ingredients 92.5%
 Contains a total of 100 g of gibberellic acid

KEEP OUT OF REACH OF CHILDREN

CAUTION

See side panel for additional cautions and use directions.

EPA Registration No. 275-

EPA Est. No.

Net Contents: 1.33 Kg
 2.92 Lb.

Lot No.

ACCEPTED
 FEB 11 1992
 Under the Federal Insecticide, Fungicide, and Herbicide Act, as amended, for the products registered under
 EPA Reg. No. 275-84

Side Panel**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)
CAUTION**

Harmful if absorbed through skin. Causes moderate eye injury (irritation). Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

STATEMENTS OF PRACTICAL TREATMENT

If On Skin: Wash with plenty of soap and water. Get medical attention.

If In Eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

ENVIRONMENTAL HAZARDS

Do not apply to water or wetlands. Do not contaminate water when disposing of equipment washwaters.

DIRECTION FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product through any type of irrigation system.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

STORAGE: Keep containers tightly closed when not in use. Avoid exposure to direct sunlight.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse empty containers. Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

RELEASE PLUS SEED TREATMENT APPLICATION

DIRECTIONS FOR USE

GENERAL INFORMATION

RELEASE PLUS is a plant growth regulator product that also contains a dye for use as a seed treatment on both semi-dwarf and tall rice varieties. RELEASE PLUS is particularly effective on semi-dwarf varieties such as 'Lemont', 'Gulfmont', and 'Texmont'. Application of RELEASE PLUS will promote germination, emergence, and final stand density of these varieties when planted at greater planting depths where soil moisture levels are more adequate for seed germination. RELEASE PLUS will also result in more uniform emergence which allows for more accurate and efficient herbicide, fertilizer, fungicide, and insecticide applications. This may maximize in yield and result in improved grain quality.

USE RESTRICTIONS

Apply this product only to rice seed intended for drill seeded or dry broadcast systems. Do not apply to rice used in a 24 hour presoak prior to broadcast. Do not exceed 0.94 oz. of formulated product (2.0 grams active ingredient) per 100 pounds of seed. Do not use treated seed for food, feed, or oil purposes.

USE PRECAUTIONS

RELEASE PLUS contains a dye to distinguish treated seed and prevent inadvertent use as food or feed.

USE RATES

Apply RELEASE PLUS at a rate of 0.47 to 0.94 ounces (1.0 to 2.0 grams active) in 8 to 20 oz. of water per 100 pounds of rice seed. RELEASE PLUS may be applied to dry seed with standard mist-treating equipment. For best results, higher treatment volume (12 to 20 oz/cwt of seed) insures complete and uniform coverage with the plant growth regulator.

MIXING INSTRUCTIONS

Fill the treatment tank with half of the final tank mix volume. Add the required amount of RELEASE PLUS and mix thoroughly. Add later the other co-applied seed treatment products and fill to the desired final volume.

COMPATIBILITY WITH OTHER CHEMICALS

RELEASE PLUS is compatible with most commonly used fungicide seed treatments (i.e. Vitavax^R and Dithane^R), standard dyes, and sticker/binding agents. When preparing tank mixes, ensure adequate mixing.

RELEASE PLUS SEED TREATMENT APPLICATION**CLEANUP INSTRUCTIONS**

RELEASE PLUS is highly water soluble, thus allowing easy cleanup. Thoroughly clean all equipment parts using warm water and detergent after each use. For best results do not allow **RELEASE PLUS** to dry completely before washing.

RELEASE PLUS contains an extremely potent plant growth regulator. For best results, read all directions for use thoroughly. Consult your local experiment station specialist, distributor, or the Abbott agricultural specialist in your area for the spray schedule best suited for your conditions.
