WARNING

KEEP OUT OF REACH OF CHILDREN

Poisonous if swallowed, inhaled or absorbed through skin. Rapidly absorbed through skin. Do not get in eyes, on skin or on clothing. Wear natural rubber gloves, protective clothing and goggles. In case of contact, wash immediately with soap and water. Wear a mask or respirator of a type passed by the U.S. Bureau of Mines for Parathion protection. Keep all unprotected persons and beneficial animals out of operating area or vicinity where there may be danger of drift. Vacated areas should not be re-entered until drifting insecticide and volatile residues have dissipated. Do not contaminate feed or foodstuffs. Wash hands, arms and face thoroughly with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use.

Note to Physician: Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine. For Emergency Assistance Call 716-735-3765

Directions for Use

Peaches (areas other than California) Curculio, Catfacing Insects, Oriental Fruit Moth, Mites, Scab, Brown Rot - Use at the rate of 1/2 to 1/3 pound per tree. For curculio control begin application at the shuck - split stage and continue thoroughly dusting at 5 to 7 day intervals during the period of curculio activity. Continue dusting as needed to maintain control of catfacing insects, oriental fruit moth, mites, brown rot and scab. Do not apply within 14 days of harvest. Do not apply more than 5 pounds of actual parathion per acre per year.

Application of materials containing sulfur should not be made just prior to or during periods of excessively high temperatures, or within 10 days to 2 weeks of an orange spray.

Environmental And Disposal Cautions

This product is toxic to fish, birds and other wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, ponds and streams. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Dispose of wastes by burying at least 18 inches deep in non-crop lands away from water supplies. Do not reuse or burn container; bury with wastes.
