**KEEP OUT OF REACH OF CHILDREN**

**☠ DANGER — POISON ☠**

Contains Nitrated Phenols

First Aid

If swallowed, drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger or blunt object. This may be followed by drinking a teaspoon of baking soda dissolved in a glass of warm water, and induce vomiting. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention.

If on skin, flush with plenty of water for at least 15 minutes. Get medical attention.

If on clothing, remove contaminated clothing. Wash with rubbing alcohol followed with soap and water.

Precaution: Sodium dinitro-o-cresylate is a metabolic stimulant. Treat symptomatically.

### Precautionary Statements Hazards to Humans (and Domestic Animals)

#### Danger

Poisonous if swallowed or absorbed through skin. Do not breathe spray mist. Do not get in eyes, on skin or on clothing. Keep away from children and domestic animals.

### Environmental Hazards

This product is toxic to fish and wildlife. Birds feeding in treated areas may be killed. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of waste. Do not apply when weather conditions favor drift from treated areas.

### Physical or Chemical Hazards

The dry solid material of Elgetol is flammable. Thoroughly clean equipment after use.

### Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### Storage and Disposal

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

Pesticides, spray mixture or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

To dispose of container, triple rinse (or equivalent) and offer for recycling, reconditioning, or disposal in approved landfill or bury in a safe place. Do not cut or weld this container.

Consult Federal, State or local disposal authorities for approved alternative procedures.

### Not For Use or Storage in or Around the Home.

Elgetol is a supersaturated solution. Dissolve the entire contents of this container in water. If smaller portions are needed, prepare a stock solution by dissolving 1 gallon of Elgetol in 7 gallons of water. Each gallon of solution will contain the equivalent of 1 pint of Elgetol.

Elgetol contains no oils. Therefore, oil any leather packings and washers to prevent drying.

Elgetol is compatible with and may be used with dormant oils for a dual purpose spray.

Read the entire label before using this product. If there is doubt regarding the development of you trees or the clarity of the instructions or recommendations, consult your State Experimental Station or your supplier before you spray.

Clean spray equipment before using Elgetol. Use spray equipment which will assure complete coverage. Complete coverage is essential for uniform control. Rain occurring after the application is made does not reduce the effectiveness of the treatment if the spray has had an opportunity to dry.

**Apple** (Dormant Application Only): **Bud Moth, Oyster Shell Scale, Scurfy Scale** Use 2 quarts per 100 gallons of water. **Green Apple Aphid, Grain Aphid, Rosy Apple Aphid** — Use 1½ to 2 quarts per 100 gallons of water. Apply only as a dilute spray and use no more than 600 gallons per acre. **Apple Scab** — Use 2 quarts per 100 gallons of water and apply at rate of 500 to 600 gallons per acre to destroy overwintering spores which are found on dead leaves on orchard floor. Thorough coverage of all leaves is essential.

**Mushroom Houses** (For Control of Diseases Between Crop): **Brown Spot, Bubble, Green Mildew, Lipstick Mold** — Use 4 quarts per 100 gallons of water. Make thorough applications to internal walls, ceilings, floor and to both sides of bedboards. Spray only when houses are empty. **DO NOT SPRAY** on filled or producing beds. This treatment will not corrode steam pipes.

**Blossom Thinning**

Complete wetting of all flowers is essential for best results. Apply the recommended amount of Elgetol in sufficient water to treat one acre. Do not use concentrated spray solution — much better results will be obtained with a full volume spray. **Apples: Delicious and Winesap** — Use 1 pint in 100 gallons of water. **Golden Delicious, Jonathan and Yellow Newton** — Use ½ to 1 pint per 100 gallons of water. Do not apply more than 900 gallons of spray per acre. Apply when 70 to 80% of blossoms are open. Do not apply after 90% of blossoms are open. **Note** — The above blossom thinning directions for use are intended primarily for the Pacific Northwest area. For use in other geographical areas, consult your Agricultural Experiment Station for recommended rates.

**Dealers Should Sell in Original Packages Only.**

**Terms of Sale or Use** on purchase of this product buyer and user agree to the following conditions. **Warranty** FMC makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Except as so warranted, the product is sold as is. Buyer and user assume all risk of use and or handling and or storage of this material when such use and or handling and/or storage is contrary to label instructions.

**Directions and Recommendations** Follow directions on label for timing and method of application, weather and crop conditions, mixture with other chemicals not specifically recommended, and other influencing factors in the use of this product are beyond the control of the seller and are assumed by buyer at his own risk.

**Use of Product** FMC's recommendations for the use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice.

**Damages** Buyer's or user's exclusive remedy for damages for breach of warranty or negligence shall be limited to direct damages not exceeding the purchase price paid and shall not include incidental or consequential damages.
