

Code: 30294

# SUMMER FLOWABLE EMULSION LIGHT-MEDIUM

## DIRECTIONS FOR MIXING

Before using this product, be sure the spray tank is clean and contains just enough water to cover the agitator shaft. With the agitator in motion (120 RPM or more), add the amount of spray oil required for a full tank. Pump this mixture through the overflow and back into the tank for a minute or two. The mixture should turn white, indicating good emulsification, then fill the tank with water. Keep agitator running at all times.

If an injector is used, first add 25 to 50 gallons of water to tank with engine running to provide good pressure, then put injector suction tube into the measured amount of spray oil, opening injector valve to allow the oil to be sucked into the tank. Fill the tank with water.

**Do Not Use if Material Does Not Emulsify. Do Not Use In Undiluted Form.**

## DIRECTIONS FOR USE

Apply when pests first appear and repeat as necessary. Apply the following recommended rates in sufficient water to thoroughly cover one acre.

**ORANGES, LEMONS, GRAPEFRUIT:** Yellow Scale, Citrus Scale, Red Scale, Brown Soft Scale. Use 1 1/2 to 2 gallons of this material per 100 gallons of water.

**APPLES, PEARS, PEACHES, PLUMS, PRUNES, CHERRIES, ALMONDS:** Spider Mites. Use 1 to 1 1/2 gallons per 100 gallons of water in delayed dormant or summer periods. Certain varieties of plums and prunes may be injured by oil sprays; check tolerance to oil prior to treatment.

**OLIVES:** Olive Scale, Black Scale, Handker Scale. Use 1 1/2 to 2 gallons of this material per 100 gallons of water. Apply in the post bloom through post harvest periods.

**PEARS:** After harvest for the control of Eastern Mite, Red Mite, Red Spider Mites. Use 1 1/2 to 2 gallons of this material with 4 to 6 pounds of Kolofo per 100 gallons of dilute spray.

## INSECTICIDE-MITICIDE

EPA REGISTRATION NO. 279 1563 ZA

ACTIVE INGREDIENT:	BY WT.
Petroleum Oil	80.00%
INERT INGREDIENTS:	20.00%
	100.00%

Classification — Light Medium

Unsulphonated Residue — 92% Minimum

## USAGE CAUTIONS

Use only the equipment with mechanical or pneumatic pressure. Avoid application of oil sprays just prior to drying winds. Apply when temperature is above freezing weather. Use only when trees are dormant or conditions are sufficient. Avoid over spraying.

Do not make an oil application within 2 weeks of a sulphur application. On Citrus do not make an oil application of Sulphur.

Do not use in a manner or at a time other than that specified because animal, plant or crop injury may occur.

# CAUTION

## KEEP OUT OF REACH OF CHILDREN

Harmful if Swallowed. Avoid Inhalation of spray mist.

For Emergency Assistance Call 716-735-3765

### ENVIRONMENTAL AND DISPOSAL CAUTIONS

Fish and other beneficial aquatic life may be killed by this product. Do not apply when weather conditions favor drift from the areas treated. Do not apply where run-off is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

Do not reuse empty 28 gallon drum. Return to original reconditioner or destroy it by perforating or crushing and burying in a safe place away from water supplies.

### Dealer Should Sell in Original Container

TERMS OF SALE OR USE: On purchase or use of this product, the following conditions apply:

WARRANTY: FMC warrants that this product conforms to the ingredient statement on the label and the directions for use. EXCEPT AS SOLD AS IS, FMC MAKES NO OTHER WARRANTY.

DAMAGES: Buyer's or user's exclusive remedy for negligence shall be limited to direct damages and shall not include incidental or consequential damages. Buyer or user waives any claim for such damages.

EXCUSE FROM NON-CONTROLLABLE CONDITIONS: FMC shall not be liable for damages created or incurred by buyer or user or overuse of this product as a condition of purchase or use, as shown on the label, or out of the handling or application of this product by any person or persons authorized to use or who

# SUMMER FLOWABLE EMULSION

## LIGHT-MEDIUM

**Net Contents**  
**28 Gallons**

### FOR MIXING

any tank is clean and contains just enough water to keep the agitator in motion (120 RPM or more), fill the tank full. Pump this mixture through the nozzle one or two. The mixture should turn white, and the tank with water. Keep agitator running.

add gallons of water to tank with engine running. Insert suction tube into the measured amount of water. Allow the oil to be sucked into the tank.

### Do Not Emulsify. Do Not Use In

### FOR USE

as necessary. Apply the following recommendations to cover one acre:

Scale, Citronella Scale, Red Scale, Brown Soft Scale, etc. per 100 gallons of water.

**CHERRIES, ALMONDS:** Spider Mites - Use in delayed dormant or summer periods. Do not be injured by oil sprays. Check tolerance.

Scale - Use 1 1/2 to 2 gallons of this material per acre. Bloom through post harvest periods.

Spider Mite, Bud Mite, Red Spider Mites - Use 1 to 6 pounds of Kolofog per 100 gallons.

### INSECTICIDE-MITICIDE

EPA REGISTRATION NO. 279-1861 ZA

ACTIVE INGREDIENT:	BY WT.
Petroleum Oil	80.00%
INERT INGREDIENTS:	20.00%
	100.00%

Classification: Light Medium

Unsulphonated Residue - 92% Minimum

### USAGE CAUTIONS

Use only in equipment with mechanical or paddle agitation. Use efficient equipment. Avoid application of oil sprays just prior to or during hot weather, rainy weather or drying winds. Apply when temperature is above 40° F. Do not apply just prior to freezing weather. Use only when trees are in healthy condition, and when moisture conditions are sufficient. Avoid over spraying.

Do not make an oil application within 2 weeks prior to or after an application of sulphur. On Citrus do not make an oil application within 60 days prior to or after an application of Sulphur.

Do not use in a manner or at a time other than in accordance with label directions because animal, plant or crop injury, illegal residues or other undesirable results may occur.
