

This product is a mixture of parathion and sulfur. Parathion is a phosphorus compound which is highly effective against a wide range of insects and mites. Sulfur is a natural element which is effective against a wide range of insects and mites. The process of manufacturing this product involves the combination of parathion and sulfur in a specific ratio to produce a highly effective and safe product.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Keep out of any body of water or any contaminated water. Clean up equipment and disposal of wastes. Apply this product only as specified on the label. Birds feeding on treated areas may be killed.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

**DIRECTIONS FOR USE**

**(Areas Other Than California)**

It is a violation of Federal law to use this product in a manner inconsistent with labeling.

Kolo Parathion Thiodan 2 Dust is designed for use on PEACHES for the control of the following insects and diseases: Brown rot, Scab, Curculio, Oriental Fruit moth, Catfacing insects, and aids in control of Red spiders.

Use at the rate of 1.5 to 2.0 lbs. of dust per tree, depending on the size. Apply when shucks begin to split and repeat at 5 to 7 day intervals or as often as required to maintain effective control. Do not make more than 2 applications during fruiting period. Do not apply more than 5 lbs. actual parathion per acre per year. Do not apply within 30 days of harvest.

Applications of dusting and spray material containing sulfur should not be made prior to or during periods of excessively high temperatures. Do not apply within 2 weeks of an oil emission.

Do not contaminate feed or food stuffs.

**STORAGE AND DISPOSAL**

Dispose of wastes by burying at least 18" deep in non-crop lands away from water supplies. Do not reuse containers. Smash and bury with wastes. DO NOT BURN.

**Dealers Should Sell in Original Packages Only**

**Terms of Sale or Use**

On purchase of this product, buyer and user agree to the following conditions:

**Warranty**

FMC makes no warranty, expressed or implied, concerning the use of this product other than as labeled on the label. Except as so warranted, the user assumes all liability for use and/or handling and/or storage of this material in such use and/or handling and/or storage as may be required by label instructions.

**Directions and Recommendations:** Follow directions carefully. Timing and method of application, weather and top conditions may vary with other conditions. Specific directions, recommendations and other influencing factors in the use of this product are hereby made a part of the sale and are assumed by the user.

**Use of Product:** FMC's recommendations for the use of this product are based on tests conducted in the laboratory. The use of this product by the user is not guaranteed. FMC does not guarantee the results to be obtained from use of this product with other than the stated safe practice.

**Damages:** FMC does not make any representation for damages for the use of this product. The user assumes all liability for damages, including those for the use of this product in any manner not recommended by FMC.
