

NIAGARA
FURADAN^R 10 GRANULES
INSECTICIDE

Net Weight
50 lb

USDA REG. NO. 279-2712

ACTIVE INGREDIENT:

Carbofuran* 10.0%

INERT INGREDIENTS: 90.0%
100.0%

*2,3-dihydro-2,2-dimethyl-7-benzofuranyl methylcarbamate

WARNING

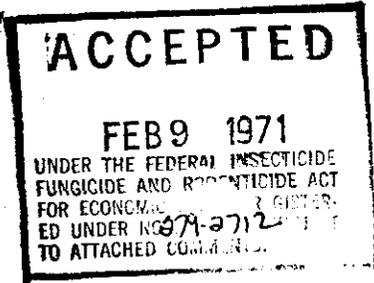

18 pt. type

KEEP OUT OF REACH OF CHILDREN

Poisonous if swallowed. Do not get in eyes. For eyes, get medical attention; in the meantime, flush eyes with plenty of water for a least 15 minutes. Do not apply to areas occupied by unprotected humans or beneficial animals. Do not contaminate feed or foodstuffs.

DIRECTIONS FOR USE

CROP	TO CONTROL	REMARKS
Field Corn	Corn Rootworms	<p>Post Plant Treatment: Use 7.5 to 10 pounds of Furadan 10 Granules per 13,000 linear feet (equivalent to 1 acre with 40 inch row spacings). Apply by banding over the row and cultivating into the soil or by sidedressing on one or both sides of the row. Do not make more than one application per season.</p>

DISPOSE OF WASTE by burying at least 18 inches in non-crop lands away from water supplies. Do not re-use or burn containers; bury with wastes.
