DIRECTIONS FOR USE (Cont.)

3. Dip baskets in the diluted spray after dumping the fruit to kill adhering larvae and pupae.
4. After washing and cleaning up the inside of the processing plant and just prior to bringing fruit into it, the entire space inside the cannery should be sprayed at a dilution of 1 part Niagara Pyrenone Crop Spray to 59 parts water (1 pint with 7 gallons 3 pints water or 2 tablespoonfuls with 3-1/4 pints water). At the rate of 1 gallon to 750 square feet (1 quart to 187 sq. ft.) direct spray on walls, ceilings, and floors paying special attention to forcing the spray into all cracks and crevices for the control of ants, roaches, silverfish, crickets, spiders and cheese mites.

For use as a space spray in the processing plants this dilution will give excellent control of flying insects, i.e. fruit flies, house flies, hornets, grain moths, gnats, mosquitoes and skipper flies. Apply at the rate of one-half ounce per 1000 cubic feet of space. Do not spray while the plant is in operation as dead flies may fall into containers or the product being processed.

SPACE SPRAY: To control flying insects such as fruit flies, hornets, wasps, grain moths, gnats, mosquitoes and skipper flies, dilute one part Niagara Pyrenone Crop Spray with 59 parts water (2 tablespoonfuls with 3-1/4 pints water). Use at the rate of one-half ounce per 1000 cubic feet of space. Direct the space treatment upward and whenever practical keep doors and windows closed for at least ten minutes after application.

VAPORIZER APPLICATORS: Where oil residues are not undesirable Niagara Pyrenone Crop Spray can be diluted in deodorized base oil instead of water at the dilution rate of 1-59 and applied by means of any good vaporizer type of applicator.

Dealers Should Sell in Original Packages Only.

TERMS OF SALE OR USE: On purchase or use of this product buyer and user agree to the following conditions:

WARRANTY: Niagara warrants that this product, as of the time of sale by Niagara, (1) conforms to the ingredient statement on the label, and (2) is reasonably fit for the purposes set forth in the Directions for Use. EXCEPT AS SO WARRANTED THE PRODUCT IS SOLD AS IS. NIAGARA MAKES NO OTHER WARRANTY EXPRESS OR IMPLIED.

DAMAGES: Buyer's or user's exclusive remedy for damages for breach of warranty or negligence shall be limited to direct damages not exceeding the purchase price paid and shall not include incidental or consequential damages. Notice of any claim must be reported to Niagara within 10 days of discovery by buyer or user, failing which buyer or user waives any claim for such damage.

EXCUSE FROM NON-CONTROLLABLE CONDITIONS: Because of certain critical conditions created or incurred by buyer or user or over which Niagara has no control, buyer and user, as a condition of purchase or use, assume responsibility for and release Niagara from, liability arising out of the handling or use of the product attributable to such causes. No person is authorized to vary or waive any statement contained herein.
