RE: Revised label – Add a number of fertilizer tips, and add several new marketing claims  
consistent with label directions  
EPA Registration Number: 279-3203  
Date of Submission: August 10, 2007

Dear Mr. Davis:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated, August 10, 2007, for the product Talstar® 0.086 Lawn Garden Insecticide with Fertilizer. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Joyce Edwards of my staff at 703-308-5479.

Sincerely,

A handwritten signature in cursive script that reads "Theresa Stone for".

Arlington, VA 22202

Dear Ms. Hobgood:

Subject: Talstar<sup>®</sup> 0.086 Lawn Granular Insecticide with Fertilizer  
EPA Reg. No. 279-3203

Notification per PR Notice 98-10

FMC has chosen via notification, to revise the labeling for the subject product. This notification is consistent with PR Notice 98-10, Section II Labeling Notifications; part N Other Revisions.

Specifically, the following revisions have been made:

- Add a number of fertilizer usage tips
- Add several new marketing claims consistent with label directions

To complete this notification, enclosed please find the following:

- Application for Pesticide: Notification (EPA Form 8570-1).
- PR Notice 98-10 Certification Statement on form 8570-1
- Revised labeling for Talstar<sup>®</sup> 0.086 Lawn Granular Insecticide with Fertilizer with changes highlighted in red (1 copy)
- A copy of this amended label and the previously accepted label in electronic format (per EPA electronic submission and review initiative)
- A completed Certification with Respect to Label Integrity

To expedite this request, I have supplied a postage-paid self-addressed postcard for the Agency to acknowledge this notification. If you have any questions, please feel free to contact me at (215) 299-6334 or by e-mail at [chris.davis@fmc.com](mailto:chris.davis@fmc.com).

Turf Builder®  
WITH  
SummerGuard™**

**The Scotts Advantage™: All-in-One Particles deep feed and protect every square inch of your lawn.**

Harsh summer elements such as heat and drought can make your lawn thin, brown, and weak, leaving it vulnerable to insect attacks. When used with a regular watering program, Turf Builder® with SummerGuard™ strengthens and protects your lawn against these warm weather problems. Its unique summer formula deep feeds your turf so that it can grow thicker and greener in hot weather, while at the same time controlling both nuisance and lawn-damaging insects. Plus, every particle in Turf Builder® with SummerGuard™ contains both fertilizer and insect control – giving every square inch of your lawn the nourishment and protection it needs.

Scotts and Your Environment

We care.

Scotts products are designed with care to grow thicker, greener lawns.

Because green is good.

A healthy lawn cleans the air, produces oxygen and prevents runoff and soil erosion.

You can make a difference.

Help keep our water resources clean. Apply this product only to your lawn, and sweep up any product that lands in the driveway, sidewalk or street back on to your lawn.

Use any of these products next to keep your lawn looking great all season!

Turf Builder®

ANYTIME

Use anytime if weeds and insect are not a problem.

Turf Builder WinterGuard®

FALL

Use to build stronger, deeper roots for a thicker, greener spring lawn.

Turf Builder with Halts® – Just After Winter

Use to prevent crabgrass all season and build a thicker, greener lawn.

[Art: More Nitrogen/Nutrients/Nutrition than regular Turf Builder]

The Super Turf Builder Advantage - Your lawn requires essential nutrients to thrive. The Super Turf Builder line of fertilizer is exclusively formulated to deliver the most greening power/nutrition/nutrients you can get from Scotts. The special formula in Super Turf Builder with SummerGuard gives your lawn more nitrogen/nutrition/nutrients than regular Turf Builder with SummerGuard for your best lawn ever.

[Water Smart formula art] Well-fed lawns are more efficient at using available water. Feeding with Scotts Water Smart Formula helps build a thick lawn with more roots to better absorb water and nutrients. This helps protect your lawn against heat, drought and other stresses.

**AND/OR**

Talstar 0.086 Lawn Granular Insecticide with Fertilizer is a high-performance product specially designed to be used in very low concentrations and is:

- Virtually Odor-free
- Fast Acting
- Easy-to-Use
- Broad Spectrum
- Kills Insects, Spiders and Ticks

**Tips for Lawncare Success:**

Mow your lawn high. A mowing height of 3" allows the grass to develop a deep root system & helps your lawn use water more effectively.

Leave the grass clippings on your lawn. This recycles the plant nutrients back into the soil.

Conserve water. Your lawn will begin to wilt when water is needed. As much as possible, take advantage of nature's sprinkler and rely on the rain to water your lawn. It's free!

**OR**

**Tips for Lawncare Success**

Feed regularly for your best lawn. Regular feedings of Scotts XXXX will help build a lawn you and your family can enjoy. Scotts XXXX provides the nutrients your lawn needs to look its weed-free best and withstand the stresses of heat, drought and family activity.

Mow your lawn high. Mowing high allows the grass to develop a deep root system and helps your lawn use water more effectively.

Leave the grass clippings on your lawn. This recycles the plant nutrients back into the soil.

Conserve water. Your lawn will begin to wilt when water is needed. As much as possible, take advantage of nature's sprinkler and rely on the rain to water your lawn.

**KEY PRODUCT FACTS**

**How and When to Apply**

**Directions for Use**

It is a violation of Federal law to use the product in a manner inconsistent with its labeling.

- Apply product to the entire lawn when insect activity or damage is first observed.
- Spread uniformly over your lawn using the suggested spreader settings. For best results, use a Scotts spreader.
- Apply product to a dry lawn.
- [Watering in Icon] Water-in product after application.
- Do not use any other weed, disease, or insect control products for at least one week after application.
- For best results, apply a Scotts® Annual Lawn Care Program™ and allow two months between applications.
- For grub control, apply Scotts® GrubEx® season-long grub control between late April and mid-August.
- In New York State, this product may NOT be applied to any grass or turf area (lawns) within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch).
- Do make a single repeat application of this product if there are signs of renewed insect activity but not sooner than two weeks after first application.

**What to Expect**

Talstar 0.086 Lawn Granular Insecticide with Fertilizer kills these lawn pests:

- |   |  |
|---|--|
| Ants (black turf, carpenter, red harvester, , odorous pyramid, argentine, and pharaoh (sugar) |  |
| Armyworms(Including Fall Armyworms)   | Leafhoppers  |
| Billbugs(Including Bluegrass Billbugs)  | Mealybugs  |

**First Aid and Environmental Information**

KEEP OUT OF REACH OF CHILDREN

**CAUTION**

PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals [Icon of Human & Dog]**

CAUTION. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes and clothing. Wash thoroughly with soap and water after handling.

**Storage and Disposal [Icon of Trash can]**

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep out of reach of children and animals. Store in original container only. Store in a cool, dry, well-ventilated place and avoid excess heat. For bags after partial use, reseal opened bag by folding top down and securing.

DISPOSAL: **If Empty:** Do not reuse this container. Place in trash or offer for recycling if available.

**If Partly Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

**FIRST AID [First Aid Icon]**

**If Swallowed:** Call A poison control center immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

20  
21

Have the product container or label with you when calling poison control center or doctor, or going for treatment.

**Note to Physician:** This product is a pyrethroid. If large amounts have been ingested, milk, cream, or other digestible fats and oils may increase absorption and so should be avoided.

**Environmental Hazards:**

This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

**Guaranteed Analysis**

Product Name	XX-XX-XX	F XXX
Total nitrogen (N).....	XX.XX%	
XX.XX% ammoniacal nitrogen
