WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

December 18, 2015

Evan Parenti  
Product Registration Manager  
FMC Corporation – Agricultural Products Group  
1735 Market Street  
Philadelphia, PA 19103

Subject: Notification per PRN 98-10 – to add optional Florida Urban Turf language  
Product Name: Talstar 0.086 Lawn Granular Insecticide with Fertilizer  
XX-XX-XX<sup>1</sup>  
EPA Registration Number: 279-3203  
Application Date: 09-Dec-2015  
Decision Number: 511936

Dear Mr. Parenti:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Julie Breeden at 703-347-0511 or via email at [Breeden.Julie@epa.gov](mailto:Breeden.Julie@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", enclosed in a simple oval scribble.

Kable Bo Davis, Product Manager 3  
Invertebrate and Vertebrate Branch 1  
Registration Division (7505P)  
Office of Pesticide Programs

**(Scotts®)  
Turf Builder®  
WITH  
SummerGuard™**

**The Scotts Advantage™: All-in-One Particles deep feed and protect every square inch of your lawn.**

Harsh summer elements such as heat and drought can make your lawn thin, brown, and weak, leaving it vulnerable to insect attacks. When used with a regular watering program, Turf Builder® with SummerGuard™ strengthens and protects your lawn against these warm weather problems. Its unique summer formula deep feeds your turf so that it can grow thicker and greener in hot weather, while at the same time controlling both nuisance and lawn-damaging insects. Plus, every particle in Turf Builder® with SummerGuard™ contains both fertilizer and insect control – giving every square inch of your lawn the nourishment and protection it needs.

Turf Builder® with SummerGuard™

Heat, drought and insect damage, as seen in the photo on the left, can be controlled by using Turf Builder® with SummerGuard™

**[BACK PANEL] [DIAGONAL LINE – SCISSORS ART]**

-----CUT HERE TO OPEN-----

**Optional Back Panel Claims**

For best results, apply Scotts Annual Lawn Care Program™.

- Start the program at any time.
- Allow 2 months between applications.

The phrase “Scotts Annual Lawn Care Program” is a trademark of The Scotts Company and its related companies.

**Choose the Right Product for the Situation**

If you don't have any insect problem, your lawn still needs a deep summer feeding to keep it thick and green. Apply Scotts® Turf Builder Lawn Fertilizer in the summer and spot treat for insects with Ortho® Bug-B-Gon® Max™ products as necessary.

**Take the guesswork out of lawn care**

For customized Scotts annual Lawn Care program for your area, visit [scotts.com](http://scotts.com). Sign up for our free Scotts Lawn Care E-mail reminder service. Receive timely tips about what products to use and when to apply them for your best lawn ever.

The Scotts Advantage™: All-in-One\* Particles™

All-in-One\* Particles™ contain plant nutrients and Scotts® exclusive insect control ingredient. Scotts® provides consistent feeding and insect control to every square inch of turf for a thick, green lawn. Guaranteed!

[Art] Talstar 0.086 Lawn Granular Insecticide With Fertilizer

All-in-One\* Particles™ contain nutrients and Scotts® exclusive insect control ingredient for a thick, green lawn – guaranteed!

(Scotts®) 4 STEP™ Program  
Now it's easy for you to have a better lawn!

**Start Anytime**

You can begin the Annual Program anytime of the year. Just check the month and select the appropriate STEP™ listed. Apply the remaining STEPs™ at two-month intervals. If weeds or bugs are not a problem, substitute STEP™ 4 Lawn Fertilizer.

**Simple and Easy**

No more guesswork! You simply apply the right product – one STEP at a time.

**Guaranteed Results**

Each STEP™ is designed for the specific season to help give you a greener lawn.

**Florida Annual Fertilizer Applications**

On Centipede lawns, do not exceed [a] rate of 2 lbs [of] Nitrogen per 1,000 sq. ft. in the north and 3 lbs [of] Nitrogen per 1,000 sq. ft. in the central and south. On Bahia lawns, do not exceed [a] rate of 3 lbs [of] Nitrogen per 1,000 sq. ft. in the north.

**MASTER LABEL - TALSTAR® 0.086 LAWN GRANULAR INSECTICIDE WITH FERTILIZER**

STEP™ 1  
Early Spring  
February-April

Crabgrass Preventer plus Fertilizer – prevents crabgrass, foxtail, spurge, oxalis, chickweed and other annual grassy weeds while providing deep, thick greening for up to 2 months. In the Pacific Northwest, STEP™ 1 is Turf Builder® with Moss Control. For St. Augustinegrass, STEP™ 1 is Super Bonus® S.

STEP™ 2  
Late Spring  
April-June

Weed Control plus Fertilizer – controls dandelion, clover, chickweed and other broadleaf weeds while greening your lawn for up to 2 months. For St. Augustinegrass, STEP™ 2 is Super Turf Builder®.

STEP™ 3  
Summer  
June-August

Insect Control with Fertilizer – controls chinch bugs, sod webworms (lawn moths) and other lawn insects while greening your lawn through the summer. For grub control, apply Scotts® GrubEx® anytime from late-April to mid-August.

STEP™ 4  
Fall  
August-November

Lawn Fertilizer – specially formulated for the fall – the best time to develop a stronger root system for a more vigorous, thicker lawn.

Additional Super Winterizer™ Feeding  
Super Winterizer™  
Late Fall  
September-November

Apply 4 to 6 weeks after the Early Fall application. This last feeding in fall will help prepare your lawn for winter and will help your lawn green-up quicker next Spring. [optional text: 4 to 6 weeks after early fall lawn fertilizer feeding. Apply as last feeding in fall to help prepare your lawn for winter.]

**OR**

Scotts and Your Environment  
We care.

Scotts products are designed with care to grow thicker, greener lawns.

Because a green lawn is a good lawn.

A healthy lawn *can* clean the air, produce oxygen and prevent runoff and soil erosion.

You can make a difference.

Help keep our water resources clean. Apply this product only to your lawn, and sweep [up] any product that lands in the driveway, sidewalk or street back on to your lawn.

Use any of these products next to keep your lawn looking great all season!

Turf Builder®

ANYTIME

Use anytime if weeds and insect are not a problem.

Turf Builder WinterGuard®

FALL

Use to build stronger, deeper roots for a thicker, greener spring lawn.

Turf Builder with Halts® – Just After Winter -or- Early Fall

Use to prevent crabgrass all season and build a thicker, greener lawn.

[Art: More Nitrogen/Nutrients/Nutrition than regular Turf Builder]

The Super Turf Builder Advantage - Your lawn requires essential nutrients to thrive. The Super Turf Builder line of fertilizer is exclusively formulated to deliver the most greening power/nutrition/nutrients you can get from Scotts. The special formula in Super Turf Builder with SummerGuard gives your lawn more nitrogen/nutrition/nutrients than regular Turf Builder with SummerGuard for your best lawn ever.

[Water Smart formula art] Well-fed lawns are more efficient at using available water. Feeding with Scotts [Water Smart] [Formula] helps build -and-or- grow a thick lawn with more roots to better absorb water and nutrients. This helps protect your lawn against heat, drought and other stresses.

**Tips for Lawncare Success:**

Mow your lawn high. A mowing height of 3" allows the grass to develop a deep root system & helps your lawn use water more effectively.

Leave the grass clippings on your lawn. This recycles the plant nutrients back into the soil.

Conserve water. Your lawn will begin to wilt when water is needed. As much as possible, take advantage of nature's sprinkler and rely on the rain to water your lawn. It's free!

OR

Tips for Lawncare Success

Feed regularly for your best lawn. Regular feedings of Scotts XXXX will help build -and.or- grow a lawn you and your family can enjoy. Scotts XXXX provides the nutrients your lawn needs to look its best and withstand the stresses of heat, drought and family activity.

Mow your lawn high. Mowing high allows the grass to develop a deep root system and helps your lawn use water more effectively.

Leave the grass clippings on your lawn. This recycles the plant nutrients back into the soil.

Conserve water. Your lawn will begin to wilt when water is needed. As much as possible, take advantage of nature's sprinkler and rely on the rain to water your lawn.

**Optional Florida Urban Turf Language**

Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices.

Check with your county or city government to determine if there are local regulations for fertilizer use.

**KEY PRODUCT FACTS**

**[How and When to Apply]  
[Application]**

**Directions for Use**

It is a violation of Federal law to use the product in a manner inconsistent with its labeling.

- Apply product to the entire lawn when insect activity or damage is first observed.

**MASTER LABEL - TALSTAR® 0.086 LAWN GRANULAR INSECTICIDE WITH FERTILIZER**

- Spread uniformly over your lawn using the suggested spreader settings. For best results, use a Scotts spreader.
- Apply product to a dry lawn.
- [Watering in Icon] Water-in product after application.
- Do not use any other weed, disease, or insect control products for at least one week after application.
- For best results, apply a Scotts® Annual Lawn Care Program™ and allow two months between applications.
- For grub control, apply [Scotts® GrubEx® [Season -Long Grub Control] -or- [Scotts® GrubEx® Season Long Grub Killer] between late April and mid-August.
- In New York State, this product may NOT be applied to any grass or turf area (lawns) within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch).
- Do not make a single repeat application of this product if there are signs of renewed insect activity but not sooner than two weeks after first application.
- Set spreader to the setting indicated by the chart below before a

**First Aid and Environmental Information**

KEEP OUT OF REACH OF CHILDREN

**CAUTION**

PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals [Icon of Human & Dog]**

CAUTION. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

**Storage and Disposal [Icon of Trash can]**

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep out of reach of children and animals. Store in original container only. Store in a cool, dry, well-ventilated place and avoid excess heat. For bags after partial use, reseal opened bag by folding top down and securing.

DISPOSAL: **If Empty:** Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

**If Partly Filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**FIRST AID [First Aid Icon]**

**If Swallowed:** Call A poison control center immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**MASTER LABEL - TALSTAR® 0.086 LAWN GRANULAR INSECTICIDE WITH FERTILIZER**

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.  
**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling poison control center or doctor, or going for treatment.

**Note to Physician:** This product is a pyrethroid. If large amounts have been ingested, milk, cream, or other digestible fats and oils may increase absorption and so should be avoided.

**Environmental Hazards:**

This pesticide is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.
