1/3

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

279-3283

Date of Issuance:

JUL - 8 2003

NOTICE OF PESTICIDE:
 x Registration
 Reregistration

Term of Issuance:
Conditional

Name of Pesticide Product:
Pounce 3.2 EC LT
Insecticide

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

FMC Corporation
1735 Market Street
Philadelphia, PA 19103

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phase "EPA Registration No.279-3283".

b. Under Environmental Hazards delete the first part of the second sentence, ~~For terrestrial uses~~. Also you may delete the bee precautionary paragraph.

Signature of Approving Official:

Date:

2/3

page 2
EPA Reg. No. 279-3283

c. Under Directions for Use delete the statements beginning, ~~Do not apply this product xxx etc,~~ and ending ~~xxx responsible for pesticide regulation~~ since this product is not subject to the Worker Protection standard.

3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosure

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Treatment of Preconstruction Lumber and Logs

General Information

Pounce® 3.2 EC LT Insecticide should be diluted before use. To prepare the spray, dilute Pounce® 3.2 EC LT as shown in the following spray dilution chart:

Spray Dilution Chart

Gallons Of Spray Mixture Desired	Gallons of Pounce® 3.2 EC LT To Use		
	0.5% Solution	0.75% Solution	1.0% Solution
40	½	¾	1
80	1	1 ½	2
200	2 ½	3 ¾	5
400	5	7 ½	10
800	10	15	20

Directions for Application

To protect unseasoned lumber and logs from wood destroying insects, such as termites, Carpenter ants and beetles (ambrosia, powder-post, old house borers and others), totally treat wood with up to a 0.5% to 1.0% solution of Pounce® 3.2 EC LT Insecticide. This solution can be applied by various methods including spraying, brushing, dipping, or pressure treatment. Frequent monitoring of dip and pressure systems are necessary to insure that the desired level of Pounce® 3.2 EC LT is maintained. Wood can be handled after treatment when dry.

- For dip treatments, the wood should be totally submerged in the solution until thoroughly wet and then allowed to dry in a suitable location. Dipping solutions to which Pounce® 3.2 EC LT has been added should be agitated before use if left unused for long periods of time. Sediment, debris, and other deposits should be periodically cleaned from tank.
- Pressure treatments, the wood should be placed in the treatment chamber, the Pounce® 3.2 EC LT solution added to the system pressurized up to 250 psi for up to one hour depending on the density and type of wood treatment. After the pressure is released and the system drained, the wood should be placed in a suitable location for drying.
- For spray treatments, the wood should be sprayed thoroughly including back and ends.
- For brush treatment, all parts of wood surfaces should be thoroughly treated.

STORAGE AND DISPOSAL

Pesticide Storage

Do not store below 10°F, (-12°C)

Do not use or store near open flame or hot surfaces.

Keep out of reach of children and animals. Store in original containers only. Store in a cool dry place and avoid excess heat. Carefully open containers. After partial use, replace lids and close tightly. Do not put concentrate or dilute material into food or drink containers. Do not contaminate other pesticides, fertilizers, water, food, or feed by storage or disposal.

In case of spill, avoid contact, isolate area and keep out animals and unprotected persons. Confine spills. Call FMC (800) 331-3148.

To confine spill: if liquid, dike surrounding area and absorb with sand, cat litter or commercial clay. If dry material, cover to prevent dispersal. Place damaged package in a holding container. Identify contents.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative of the nearest EPA Regional Office for guidance.

Container Disposal:

Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved State and Local procedures. Do not cut or weld metal containers.

Plastic Containers: Triple Rinse (or equivalent). Then offer for recycling or reconditioning or dispose of in a sanitary landfill, or incineration, or if allowed by State and Local authorities, by burning. If burned, stay out of smoke.
