

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs  
Registration Division (7505P)  
1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

EPA Reg. Number:

279-3614

Date of Issuance:

11/23/16

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Talstar HP 0.115% Granular  
Insecticide

Name and Address of Registrant (include ZIP Code):

Patricia Fils  
FMC Corporation  
2929 Walnut St.  
Philadelphia, PA 19104

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Date:

11/23/16

Kable Bo Davis, Product Manager 03  
Invertebrate Vertebrate Branch 1 Registration Division (7505P)

2. You are required to comply with the data requirements described in the DCI and EDSP Orders identified below:
  - a. Bifenthrin      GDCI-128825-1114  
                             EDSP-128825-66

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI or EDSP Orders listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://www.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-pesticide-re-evaluation-division>.

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.
4. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 279-3614.”
5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 07/11/2016
- Alternate CSF 1 dated 07/11/2016
- Alternate CSF 2 dated 07/11/2016

If you have any questions, please contact Matthew Aubuchon by phone at 703-347-0477, or via email at [aubuchon.matthew@epa.gov](mailto:aubuchon.matthew@epa.gov).

<b>FIRST AID</b>	
<b>If on Skin or Clothing</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes</li> <li>• Call a poison control center or doctor for treatment advice</li> </ul>
<b>HOTLINE NUMBER</b>	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-(800)-331-3148 for Emergency Assistance.	
<b>NOTE TO PHYSICIAN</b>	
This product is a pyrethroid. If large amounts have been ingested, milk, cream or other digestible fats and oils may increase absorption and so should be avoided.	
<b>For Information Regarding the Use of this Product Call 1-800-321-1FMC (1362)</b>	

## **PRECAUTIONARY STATEMENTS**

### **Hazards to Humans and Domestic Animals**

#### **CAUTION**

Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

#### **ENVIRONMENTAL HAZARDS**

This pesticide is extremely toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

## **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Talstar HP 0.115% Granular Insecticide is a ready-to-use granular insecticide to control various listed insects (including spiders) on and below surfaces of lawns, home perimeters, ornamental & flower gardens, and home vegetable gardens. Immediately after applying, irrigating or watering with 0.1 to 0.5 inches of water generally improves the effectiveness of this product. Read the "Directions for Use" carefully and fully before applying this product.

In New York State, this product may NOT be applied to any grass or turf area (lawns) within 100 feet of a water body (lake, pond, river, stream, wetland, or drainage ditch).

In New York State, do make a single repeat application of this product if there are signs of renewed insect activity, but not sooner than two weeks after the first application.

Do not allow children or pets to enter the area until dry.

Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Apply this product directly to the lawn or garden area. Water treated area as directed on this label. Do not water to the point of runoff.

Do not make applications during rain.

**APPLICATIONS TO LAWNS, HOME PERIMETERS, AND ORNAMENTAL AND FLOWER GARDENS**

Uniformly apply this product over 1,000 square feet based on targeted pest and associated application rate as listed in the table below by using any gravity or rotary type spreader. Treat when insects first appear and retreat as necessary. Repeat application is necessary only if there are signs of renewed insect activity. Repeat application must be limited to no more than once per seven days. For best results, thoroughly water treated area immediately after application. A [10-][20]-pound bag will treat a X,XXX to X,XXX square feet area.

<b>Use Talstar HP 0.115% Granular Insecticide [this product] to control the following pests at the application rates listed below:</b>	
<b>Pest</b>	<b>Application Rate</b>
Armyworms (including Fall Armyworm) Billbugs (including Bluegrass Billbug) Black Turfgrass Ataenius (Adult) Bristletail Caterpillars (including Lucerne moth) Chinch Bugs Cockroaches Crickets Cutworms (including Black Cutworm) Earwigs Fiery Skipper Firebrat Frit Fly Grasshoppers Ladybeetles Leafhoppers Mealybugs Pillbugs Seed Maggots Silverfish Sowbugs Striped Grassworm Two-lined Spittle Bugs Webworms (including Sod Webworm) Wireworms	1-2 lbs per 1,000 ft <sup>2</sup>

Ants (including carpenter, red pavement, odorous, and pyramid) Annual Bluegrass Weevil ( <i>Hyperodes</i> ) Chiggers Crane Flies (larvae) Fleas (larvae and adults) Ground Beetle Ground Pearl Mites Mole Crickets (including Tawny Mole Cricket) Spiders (including Brown Recluse Spider)	2 to 4 lbs per 1,000 ft <sup>2</sup>
Ants (including argentine, pharaoh (sugar), imported fire ants, and foraging fire ants) Centipedes Millipedes Scorpions Ticks (including Brown Dog Tick) [and ticks that may transmit Lyme Disease]	4 lbs per 1,000 ft <sup>2</sup>

**Home Invading Insects: Barrier Treatment Around House [Home] Foundation (Outdoors)**

**How to Apply:** Evenly apply a 2-foot band of granules next to the house foundation based on pest list and application rates listed above. Use 0.5 to 2 lbs. for each 500 sq. ft. (2 ft. X 250 ft.). If necessary, repeat applications every 2 weeks only if there are signs of renewed insect activity.

Scotts® SpeedyGreen® Rotary	[Insert Spreader Setting Number Here]	Shut off spreader anytime you stop. For complete coverage make each pass about five feet from the previous one, so some overlapping occurs.
Ferti-lome® YARD-RIGHT Hand Held Spreader	[Insert Spreader Setting Number Here]	<ol style="list-style-type: none"> <li>(1) Make certain setting selector is in closed position. Fill hopper with 1.0 lbs. of product for every 500 sq. ft. of treatment area.</li> <li>(2) Adjust selector to the #2 setting.</li> <li>(3) Apply product evenly over area walking at a steady pace while turning hand crank. If you apply a second application, spread at right angle to first.</li> <li>(4) The spreader will apply a uniform swath 6 ft. to 12 ft. wide. Note the path of the product spread and adjust for the return swath to avoid overlapping product.</li> </ol>
[Insert Spreader Brand]	[Insert Spreader Setting Number Here]	Operate spreader the longest way of the garden area. Overlap wheel marks to ensure uniform feeding. Shut off spreader when you have reached the header strips or stopped.

When using other spreaders, calibrate the spreader settings based on the manufacturer's recommendations.

#### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

#### **Pesticide Storage**

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

#### **Pesticide Disposal and Container Handling**

Nonrefillable container. Do not reuse or refill this container.

**If empty:** Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

## Conditions of Sale and Limitation of Warranty and Liability:

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

[The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions beyond the control of FMC or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold FMC and Seller harmless for any claims relating to such factors.

**Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the Directions for Use when used in accordance with the directions under normal conditions of use. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, FMC MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESS OR IMPLIED WARRANTIES WITH RESPECT TO THE SELECTION, PURCHASE, OR USE OF THIS PRODUCT. Any warranties, express or implied, having been made are inapplicable if this product has been used contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) seller or FMC, and buyer assumes the risk of any such use.**

To the extent allowed by law, FMC or seller shall not be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF FMC AND SELLER FOR ANY AND ALL CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF FMC OR SELLER, THE REPLACEMENT OF THE PRODUCT.

This Conditions of Sale and Limitation of Warranty and Liability may not be amended by any oral or written agreement.]

If you do not agree with or do not accept any of directions for use, the warranty disclaimers, or limitations on liability, do not use the product, and return it unopened to the Seller, and the purchase price will be refunded.]
