**DIRECTIONS FOR USE**

**CHICKENS, TURKEYS, DUCKS, GEESE, GAME BIRDS, PIGEONS**

**Direct Spray on Birds:** For control of Northern Fowl Mite, Fowl Red Mite, Lice (Chicken Body Louse, Menopon gallinae, Shaft Louse, Wing Louse, Louse, Fluff Louse, Gonocotes gallinae) and Poultry Fleas. Mix 1 1/2 pounds of Super 85P in 5 gallons of water. Use 1 gallon per 1000 square feet of cages, on litter or slatted floor. Direct spraying for Fowl Red Mites and Poultry Fleas is supplemental to spraying of buildings for control of these pests. Repeat in 4 weeks if necessary. Do not apply within 7 days of slaughter.

**Spray Roosts, Litter, Building:**

1. For control of Poultry Red Mite, Poultry Fleas, Northern Fowl Mite, and Bedbugs: Mix 1 1/2 pounds of Super 85P per 25 gallons of water. Apply 1 to 2 gallons per 1000 square feet of wall, litter or roost surface.
2. For control of Fowl Tick: Increase dosage to 5 pounds per 25 gallons of water. Force spray into cracks. Repeat as needed. Ventilate while spraying. Avoid contamination of nests, eggs, feeding and watering troughs. Do not apply these mixes to birds. Do not house birds in treated premises within 7 days of slaughter.

**COMPATIBILITY**

Martin's Super 85 Sprayable Sevin forms a finely divided uniform suspension alone and when combined with many other pesticides. Incompatible mixtures curdle or precipitate and may injure animals or reduce control. Compatibility can be affected by water in your locality, various surfactants, and other formulation ingredients. Do not apply if physically incompatible. Unstable under highly alkaline conditions. Not effective if used with alkaline materials.

**CAUTION: KEEP OUT OF REACH OF CHILDREN AND ANIMALS. HARMFUL IF INHALED OR SWALLOWED. Avoid Breathing of Dust or Spray. Do Not Take Internally. Avoid Prolonged or Repeated Contact with Skin.**

Wear regular long-sleeved work clothing. Change to clean clothing daily. Wash hands and face before eating. Wash thoroughly after handling.

**NOTE FOR PHYSICIAN:** Carbaryl is a moderate reversible, cholinesterase inhibitor. Atropine is antidotal.

**AVOID CONTAMINATION OF FOOD, FEED, WATER SUPPLIES, STREAMS, AND PONDS.**
