# CREOSOTE DIP

## DIRECTIONS

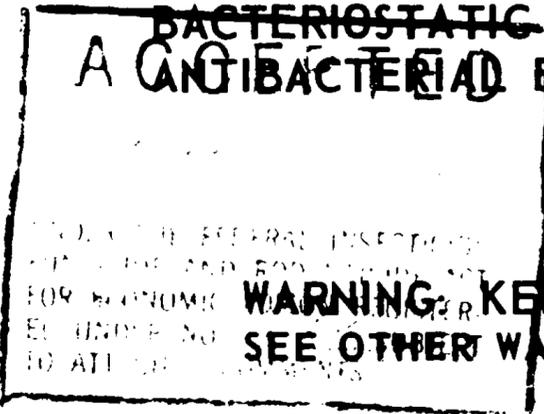

**FOR CLEANING BARNs, STABLES, KENNELS, PENS, AND OTHER FIXTURES OCCUPIED BY ANIMALS:** Mix 1 part of Martin's Creosote Dip with 70 parts of water. Remove all animals, poultry and feeds from area to be treated. Remove all litter and manure from floors, walls, and other surfaces. Empty all troughs, racks, and other feeding and watering appliances. Saturate floors, walls, pens, and other surfaces with solution. Scrub surfaces with brush, then rinse with water. Ventilate buildings, coops, and other closed spaces.

Do not use in dairy barns, milking stalls, milking parlors, or milk houses. Do not house poultry, livestock or employ equipment until treatment has been absorbed, set or dried. All treated feed racks, mangers, troughs, automatic feeders, fountains, and waterers must be thoroughly scrubbed with detergents and rinsed with potable water prior to reuse. This product is not a disinfectant.

**CONCRETE CLEANING:** Mix one part Martin's Creosote Dip with one part Kerosene. Apply to concrete. Scrub with a stiff brush and wash off.
