Attention: Billy Sims

Gentlemen:

Subject: Amendment - Comply with Lindane Cancellation Notice
Martin's E.Q. 335 Screwworm Remedy for
Horses and Mules
EPA Registration No. 299-168
Your Letter Dated November 20, 1984

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. Add appropriate Storage and Disposal statements. See PR Notices 83-3 and 84-1.

Submit five (5) copies of your revised final printed labeling before you release the product for shipment with the amended labeling.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (15)
Insecticide-Rodenticide Branch
Registration Division (TS-767)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not use on animals other than horses or mules or on humans or mules intended for food purposes.

For all uses indicated below applicators must wear the following protective clothing during the application process: a lightweight, protective suit or coveralls; and untied, waterproof gloves.

FOR CONTROL AND TREATMENT OF SCREWWORMS AND OTHER WOUND MAGGOTS IN HORSES AND MULES: TOPICAL.

SHAKE WELL BEFORE USING

Use a swab or soft bristle brush and apply thoroughly to wounds, making sure it penetrates all crevices and pockets and covers all blood exudate in the wound area. Repeat application twice a week until worm-infested wound is healed.

Some strains of screwworms may develop resistance to Lindane. This will be observed by a lack of response to treatment.
