DIRECTIONS FOR USE

Roaches, Ants, Waterbugs, Silverfish, Sowbugs, Springtails, Spiders, Firebrats, Crickets, Earwigs - Spray with bait in the center of the infestation, not directly on the insects. Use a few drops of the bait on a wet surface to test with the bait. If the insects are attracted to the bait, where you enter, repeat the spraying.

Carpet Beetles - Make a baited spot in the center of the infestation. Spray directly on the insects. Repeat the spraying as soon as you see the insects. Treat the area where the insects are found. Repeat the spraying.

Brown Dog Ticks - Spray the infestation with the bait. Spray the area where the ticks are found. Repeat the spraying as soon as you see the ticks. Treat the area where the ticks are found. Repeat the spraying.
