18

C J Martin Company
P. O. Box 1089
Nacogdoches, TX 75961

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase, "EPA Registration No. 299-226."
 - b. Under Precautionary Statements add:

 Harmful if swallowed. Avoid breathing vapors. Use protective mitt or glove to avoid contact with skin.
3. In reference to the Confidential Statement of Formula (CSF) provide the upper and lower limits of the individually added inerts.
4. In reference to product specific data requirements, provide the Statement of Composition which is a complete description of the formulation process. Describe equipment use, mixing time, temperature, pressure, etc. This information was not included with your submission.

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

Helant 28-5-91

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Do not spray in pet's eyes, face or on genitalia. Do not use on nursing puppies or kittens or animals under 3 months of age.

Do not use this or any other pesticide on sick, old, or debilitated animals.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic animals. Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately.

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before re-use. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

HOLD CONTAINER UPRIGHT. SHAKE WELL BEFORE USING. This product will kill fleas up to 14 days on dogs and cats and will kill ticks for 4 days on dogs and 9 days on cats.

Spray animal from a distance of 8-12 inches. Start spraying at the tail, moving the dispenser rapidly and making sure the animal's entire body is covered, including the legs and under the body. Fluff the hair as you spray so the spray will penetrate to the skin. The spray should wet the ticks thoroughly. Do not spray in face, eyes or on genitalia. Repeat as needed.

For cats apply at the rate of 1 second per pound of body weight. For dogs apply at the rate of 2 seconds per pound of body weight for thin or short-haired dogs and up to 3 seconds per pound of body weight for heavy or long-haired dogs.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

Multi-Purpose Insecticide II

A Synthetic Pyrethroid for controlling the following flying and crawling insects:

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. See side panel for additional instructions.

Remove protective cap. Aim spray opening away from person. Push button to spray.

For household and industrial use, indoors and around premises.

INDOORS: To Kill Wasps, Hornets, Yellow Jackets, Bees: Application should be made late in the evening when insects are at rest. Spray liberally into hiding and breeding places, particularly under rafters, contacting as many insects as possible. Saturate areas in and around nest openings. Repeat as necessary.

To Kill Ants, Cockroaches, Spiders, Earwigs, Grain Mites, Sowbugs, Crickets, Beetles, Silverfish, Centipedes, and Millipedes: Direct spray to contact these insects in cracks and crevices in floors, baseboards, around pipes, behind cabinets, and other harborage. Spray these infested areas until thoroughly wet. Repeat as necessary.

To Kill Ants: Spray directly on insects, and around window frames, doors, and walls and hills.

To Kill Spiders: Spray directly on these pests and use repeated applications to the webbing and all cracks and crevices which harbor spiders.

OUTDOORS: Apply as a contact spray. Spray directly on insects. Aim spray away from person. Avoid spraying plants or turf except to spray infested areas.

Ants: Same as directed above for indoor use.

Wasps, Hornets, Yellow Jackets, Bees: Same as directed for indoor use. Aim spray at nest openings in trees, bushes, under eaves, chimneys, cracks and crevices to saturate in and around the nest openings. Contact as many insects as possible. Repeat as necessary.

Earwigs, Sowbugs, Crickets, Beetles, Silverfish, Centipedes and Millipedes: Apply as a contact spray, as for indoor use.

To Kill Tent Caterpillars: Application should be made when caterpillars are young and tents are first noticed. For best results apply in the late afternoon or evening, when caterpillars have returned to their tents. Aim spray directly at tents, and totally saturate on all sides. Repeat as necessary.

To use entire contents: Hold sprayhead stationary and rotate can until material sprays as shown.

Precautionary Statements: Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing mist. Cover or remove exposed foods. Avoid contamination of cooling stands and food preparation surfaces. In food processing plants, apply only when plants are not in operation. Food contact surfaces and equipment must be washed with an effective cleaning compound followed by a potable water rinse after treatment. Remove pets and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush skin and eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS: This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bays, marshes, and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL & CHEMICAL HAZARDS: Contents under pressure. Do not puncture. DO NOT USE OR STORE NEAR HEAT OR OPEN FLAME. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerate.

STORAGE AND DISPOSAL

Disposal: Do Not Reuse Empty Container. Wrap and Put in Trash Collection.
Storage: Store in a Cool Dry Place. Keep Container Closed.

Important Note: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
