antifungal, germicidal, fungicidal and virucidal against HIV-1 (AIDS) virus, Adenovirus, Type 2, Herpes simplex, Influenza A2/Hong Kong and Vaccinia viruses on inanimate environmental surfaces at a dilution of two ounces per gallon.

TOR is a cleaner, disinfectant and deodorizer designed for use in hospitals, nursing homes, schools, and industries.

A.O.A.C. Use Dilution Confirmation Test

Kills *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa* 1 to 64

A.O.A.C. Fungicidal Test

Kills *Trichophyton interdigitale* 1 to 64

Classified by Underwriters Laboratories, Inc.™ as to electrical conductivity when used on conductive floors and spontaneous heating. TOR for use with listed electrically conductive flooring of the vinyl type™ 1787.

STORAGE AND DISPOSAL

This product must be kept under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling, recondition, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

EPA Reg. No. 303-79

EPA Est. No. 503 PA 1

DILUTION 1:64

(two ounces per gallon)

DIRECTIONS FOR USE

For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces.

USES: For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces.

APPLICATION: For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces.

Kills HIV-1 (AIDS) virus on prepared environmental surfaces which its presence is indicated with blood/body fluids in bathare settings or other settings where there is an expected likelihood of soiling of susceptible surfaces with blood or body fluids, and in which the surfaces are likely to be soiled with blood or body fluids can be associated with potential for transmission when an individual body fluid is Type 1 (HIV-1).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS) VIRUS, THE SUBREAS OBJECTS SOILED WITH BLOOD/BODY FLUIDS

Personal Protection: Disposable latex or vinyl gloves and face masks. Use eye protection if appropriate. Use eye and eye protection if necessary. Use eye protection if necessary.

Cleaning Procedures: Rinse and body fluids. The floor should be rinsed with water after application. Use caution.

Contact Time: For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces.

Disposal of Infectious Materials: For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces. For use on floors, walls, and other surfaces.
