

TOR[®]

GERMICIDAL CLEANER

**A potent multi-purpose
germicide combined with
a super concentrated
detergent cleaner.**

**CAUTION: KEEP OUT OF REACH OF CHILDREN
CONTENTS UNDER PRESSURE**

Harmful if taken internally. Cease use if irritation develops. Do not get into eyes. In case of contact flush with plenty of water. Call a physician. Avoid contamination of feed and foodstuffs. Do not puncture or incinerate. Exposure to heat may cause bursting. Avoid prolonged exposure to direct sunlight.

NET WT. 1 LB. 1 OZ.

U.S.D.A. Reg. No. 303.95

More research leads to better products.

TOR[®] GERMICIDAL CLEANER

Spray on, wipe or rinse off - Cleans, disinfects and deodorizes all in one simple step. Foam clings to vertical surfaces until wiped away.

Kills salmonella, cholera, staphylococcus aureus, pneumomonas, aeruginosa, trichophyton, interdigital dermatitis (foot fungus). Reduces the number of virus particles.

Cleans without scratchy, abrasive cleaners. Non-flammable. Polishing not needed. Very useful for spot cleaning walls and other surfaces. Not only helps prevent the spread of disease causing organisms on environmental surfaces, but also kills many microorganisms that can cause corrosion and damage to surface.

DIRECTIONS

Shake before using • Hold can upright

Hold can upright and 6 to 8 inches away from surface. Spray light film of foam onto surface, allow foam to penetrate soil and bacteria film, then wipe or rinse away. Use on relatively dry surfaces.

For Vertical or Horizontal Surfaces: Spray a small area lightly and wipe away with a dry, clean cloth. Repeat on adjoining areas until entire surface is cleaned.

For Chrome Bathroom Fixtures: Spray lightly and allow to soak. Rinse. For high shine wipe off with clean dry cloth.

For Spot Cleaning: Spray spot lightly. Wipe with a dry, clean cloth. Wipe from outer edges inward to prevent spreading of spot.

SUGGESTED USES

Furniture	Carpet Sanitation	Athletic Equipment
Metals	Plastics	Venetian Blinds
Porcelain	Tile	Lavatory Fixtures
Walls	Toilets	Bathtubs
Stainless Steel	Windows	Shower Stalls
Paint		Fixtures

INGREDIENTS

Active Ingredients: Sodium carbonate 14.0%, C14, 30% C16, 5% C12, 5% C18; dimethyl benzyl ammonium chlorides, N-alkyl (50% C12, 30% C14, 10% C16, 3% C18) dimethyl ethylbenzyl ammonium chlorides, Sodium metasilicate 0.39%

Inert Ingredients: Water, Isobutane, 2-alkoxyethyl polyethoxy ethanol, Tetrapotassium pyrophosphate 99.61%, 2-alkoxy containing 11 to 15 carbon atoms
