

B 303-98 PM 28

SEP 11 1984

Huntington Laboratories, Inc.
968 East Tipton Street
Huntington, IN 46750

Attention: W. Robert MacDonald

Gentlemen:

Subject: Di-Crobe NM
EPA Registration No. 303-98
Application of July 6, 1984

This amendment is being accepted as an administrative action in accordance with Section 162.9-1(b) of 40 CFR, for which no consideration of data is necessary, subject to the following conditions.

1. Make the labeling change listed below before you release the product for shipment bearing the amended labeling.

Expand the "Application" instructions to read:

Application: Use 1 1/4 oz. of Di-Crobe NM per gallon of water for a minimum contact time of 10 minutes in a single application. For disinfecting, remove gross filth and heavy soil deposits, then thoroughly wet surfaces. Di-Crobe NM is extremely versatile and can be applied with a mop, sponge, or cloth as well as soaking. The recommended use solution is used once and discarded. Rinsing is not necessary on floor surfaces unless floors are to be waxed or polished.

The above instructions are the same as those which have been proposed for Natar Germicidal Detergent, EPA Registration No. 303-86.

2. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Wcf

(1% ounces per gallon)

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

USES: Floors, walls, metal surfaces, painted surfaces, exterior bowl surfaces, empty basins, instruments, showers, conductive flooring, and lavatory fixtures.

For institutional use only such as for use in hospitals, and nursing homes, schools and colleges, medical and dental offices, veterinary clinics, and farms.

APPLICATION: Dilute 1/4 ounce of Di-Crobe NN per gallon of water. Di-Crobe NN is extremely versatile and can be applied with a mop, sponge or cloth as well as spraying or soaking. Rinsing is not necessary on floor surface unless floors are to be waxed or polished.

STORAGE AND DISPOSAL

This product must be kept under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

- Do not contaminate water, food, or feed by storage or disposal
- Open dumping is prohibited
- Do not reuse empty container

PESTICIDE DISPOSAL: Pesticide, spray mixture or residue that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

CONTAINER DISPOSAL: Rinse empty container thoroughly with water and discard.

ACTIVE INGREDIENTS:

o-phenyl phenol	3.61%
o-benzyl-p-chlorophenol	2.93%
p-tert amylphenol	1.64%
INERT INGREDIENTS	91.85%
TOTAL	100.00%

**DANGER: KEEP OUT OF REACH OF CHILDREN.
ONLY FOR SALE TO, USE, AND STORAGE BY SERVICE PERSONS.**

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CORROSIVE: Do not get in eyes or on skin. Causes skin and eye damage. Protect eyes with goggles or face shield and skin with rubber gloves when handling the concentrate. Harmful if swallowed. Cease use if irritation develops. Avoid contamination of food.

First-Aid: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

Note to Physicians: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
