Subject: Label Amendment – Add Additional Claims
Product Name: Repel 100
EPA Registration Number: 305-30
Application Date: February 23, 2016
Decision Number: 514527

Dear Ms. Goldberg:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

with FIFRA section 6. If you have any questions, please contact Jennifer Saunders by phone at (703) 347-0156, or via email at Saunders.Jennifer@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Urbanski Saunders', with a stylized flourish at the end.

Net Contents 1 oz (29 mL)
Back label

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **Read and follow all directions and precautions on this product label.**

Apply over all exposed skin to repel mosquitoes, ticks and biting flies. Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Do not spray in enclosed areas. Do not spray directly on face. If used on the face, spray on hands first then apply sparingly to face and ears. Do not apply near eyes and mouth. Avoid over-application. Do not apply over cuts, wounds or irritated skin. Do not allow children to handle this product. When using on children, apply to your own hands and then put it on the child. Do not apply to children's hands.

- ❖ For use on outer surfaces of clothing: Spray shirts, pants and hats. For ticks, chiggers and fleas apply to tops of socks and around openings of outer clothing.
- ❖ After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again.
- ❖ Do not apply to synthetic fabrics such as acetate, rayon or spandex. Will not damage cotton, wool and nylon. May damage furniture finishes, leather, plastics, painted and varnished surfaces including watch crystals, guns, bows and automobiles. Allow repellent to dry before handling bow or gun stock.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store this product in a cool, dry place that is inaccessible to children.

CONTAINER DISPOSAL: Do not puncture or incinerate! **If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
