Ms. Jean Killoren
Regulatory Coordinator
WPC Brands, Inc.
1 Repel Road
Jackson, WI 53037

Subject: Potable Aqua
Registration Number 305-37
Application Dated May 28, 2002

Dear Ms. Killoren:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with following comments:

Proposed Amendment:

- revised First Aid statement PR Notice 2001-1
- disposal statements 2001-6

General Comments:

The following label revisions must be made:

1. On page 1, column 2, paragraph 1, third sentence of the draft label, change the word "show" to "shown"
2. On page 1, column 2, STORAGE & DISPOSAL section, line 3 of the draft label, correct to read, "...recycling if available."
3. On page 1, column 2, Step 2, paragraph 2, line 2 of the draft label, correct spelling of "Share" to "Shake."
4. The ingredient statement must total 100%.

Emergency Drinking Water

❖ 2 STEP TREATMENT

GENERAL INFORMATION

POTABLE AQUA® Drinking Water Germicidal Tablets are intended for emergency disinfection of drinking water. When used as directed, they make water bacteriologically suitable for drinking. Used worldwide by campers, hikers, militaries, emergency organizations, and anyone needing to drink water of questionable bacteriological quality.

For use only when water is of questionable quality or known to be substandard. Not to be used on a continuous basis. This product has not been tested for effectiveness at inactivating *Cryptosporidium* cysts. For short term or limited emergency use only.

Potable Aqua is for use only when fresh drinking water is suspected or known to be bacteriologically substandard.

- ❖ P.A. Plus are neutralizing tablets for use after water has been treated with POTABLE AQUA.
- ❖ P.A. Plus neutralizes the iodine after-taste and color.

IMPORTANT INFORMATION ON POTABLE AQUA

Keep cap on bottle tightly sealed. Humidity, moisture and exposure to air will reduce effectiveness of tablets. We recommend that you do not keep an opened bottle for more than one year. Unopened bottles should remain effective up to four years.

- ❖ Effective against water of questionable bacterial quality.
- ❖ Effective against cyst such as *Giardia lamblia* and bacteria such as *Vibrio cholera*.
- ❖ Potable Aqua has been proven effective against *Giardia lamblia* and *Vibrio cholera* when used as directed.
- ❖ Potable Aqua water purification tablets.
- ❖ Iodine-based compound (no chlorine).
- ❖ 2 tablets of POTABLE AQUA makes 1 quart of most water bacteriologically suitable to drink.
- ❖ Uniform dosage per tablet assured - no guesswork.
- ❖ No unpleasant taste
- ❖ Easy to use
- ❖ Treats up to 25 quarts
- ❖ A must for first-aid and survival kits
- ❖ Ideal for emergency use at home
- ❖ Use in emergency drinking water situations.
- ❖ Makes questionable water bacteriologically suitable to drink.

Card

DIRECTIONS: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Step 1: Add 2 tablets of POTABLE AQUA to 1 quart or liter of water and cap loosely to allow a small amount of leakage. Wait 5 minutes. Shake container to allow screw threads on the closure to be moistened, then tighten cap. Wait 30 minutes before drinking.

❖ **Step 2:** P.A. Plus neutralizing tablets are for use AFTER water has been treated with POTABLE AQUA. Wait a minimum of 30 minutes after the addition of POTABLE AQUA before using the P.A. Plus tablets. Adding the P.A. Plus tablet before 30 minutes may allow harmful bacteria or viruses to remain in the drinking water. **DO NOT ADD POTABLE AQUA AND P.A. Plus TABLETS AT THE SAME TIME.**

Add 2 tablets of P.A. Plus per quart of water. Shake container well. Wait 3 minutes before drinking. Tablets do not have to completely dissolve to be effective.

Recap bottles tightly. Keep tablets dry.

STORAGE & DISPOSAL: Store in a cool dry place. **If empty:** Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

WARNING: Avoid eye contact. Will cause severe irritation to eyes and mucous membranes. Do not ingest tablets. Avoid contamination of food. Wash after handling.

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
