

DEC 13 1991

Ms. Jean Killoren
Wisconsin Pharmacal Co., Inc.
P.O. Box 18
2977 Highway 60
Jackson, WI 53037

Dear Ms. Killoren:

Subject: Label Revision and Change of Product Name
Repel Insect Repellent Family Formula 18
EPA Reg. No. 305-40
Submission dated October 22, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Delete "25.00%" from the ingredient declaration on the label. It is ambiguous in that it may cause misinterpretation of the amount of active ingredient in the product.

Sincerely,

Richard F. Mountfort
Product Manager (10)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

**INSECT REPELLENT
FAMILY FORMULA™**

Repels mosquitoes, chiggers, ticks, deer flies, stable flies, black flies, gnats and leeches on exposed skin surfaces.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read all directions before using this product.

Apply over all exposed skin to repel biting flies, ticks and mosquitoes. Do not spray in enclosed areas. To apply to face, dispense on hands and rub on. Do not spray directly on face. **DO NOT APPLY TO EYES AND MOUTH.** Do not apply to hands of young children. Use just enough repellent to cover exposed skin and clothing. Do not use under clothing. Avoid *overexposure*. Frequent reapplication and saturation is unnecessary for effectiveness. After returning indoors, wash treated skin with soap and water. Wash treated clothing for ticks and chiggers, apply in socks, tops of shoes and around openings in outer clothing. Do not apply to synthetic fabric. Will not damage cotton, wool and nylon. **MAY DAMAGE FURNITURE SURFACES, PLASTICS, PAINTED SURFACES AND WATCH CRYSTALS.**
