PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

— DANGER —

Convulsive poison! Poisonous if swallowed. This bait may cause an allergic reaction; wear rubber gloves and long-sleeved adequate protective clothing when handling. Do not breathe dust. Do not contaminate feed or foodstuffs. Wash arms, hands and face with Germicidal soap and water after using and before eating or accepting anything by mouth or smoking. All spilled bait must be cleaned up immediately. Keep away from children, pets, and domestic animals.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Bait exposed on soil surface may be hazardous to birds and other wildlife. Do not contaminate water in lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

ENDANGERED SPECIES RESTRICTIONS

NOTICE: The killing of a member of an endangered species during strychnine baiting operations may result in a fine under the Endangered Species Act. Before baiting, the user is advised to contact the Regional U.S. Fish and Wildlife Service (Endangered Species Specialist) or the local Fish and Game Office for specific information on endangered species. Strychnine baits should not be used in the geographic ranges of the following species except under programs and procedures approved by the U.S. EPA: San Joaquin kit fox, Aleutian Canada goose, Morro Bay kangaroo rat, Salt Marsh Harvest mouse, gray wolf, and grizzly bear.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE:

Store only in original container, in a dry place inaccessible to children and pets, under lock and key in a posted storage area.

PESTICIDE DISPOSAL:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spilled bait, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL:

Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of bags in a sanitary landfill or by incineration if allowed by State and local authorities.

NOTICE: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and / or handling of this material when such use and / or handling is contrary to label instructions.

NOTICE: RESTRICTED USE PESTICIDE

For retail sale to and use only by certified applicators or persons under their direct supervision, and only for those uses covered by the certified applicator's certification.

KEEP OUT OF REACH OF CHILDREN
DANGER - POISON

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: CALL A PHYSICIAN OR POISON CONTROL CENTER IMMEDIATELY. If less than ten (10) minutes have passed since the poison was taken, give 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Have patient lie down in quiet, darkened room and keep him warm and quiet. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: - Remove victim to fresh air. Apply artificial respiration if indicated.
IF ON SKIN: - Remove contaminated clothing and wash affected areas with soap and water.
IF IN EYES: - Flush eyes with plenty of water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN

A. Administer 100% OXYGEN by positive pressure to provide as much pulmonary gas exchange as possible, despite seizures.
B. Administer ANTICONVULSANT DRUGS intravenously to control convulsions.
CAUTION: It may be difficult or impossible to stop the seizure activity without stopping respiration. Be prepared to maintain pulmonary ventilation mechanically. Tracheotomy may be necessary if seizures are prolonged.

See side panel for additional precautionary statements.

Mr. Brent Hazen
Fort Dodge Chemical, Inc.
P. O. Box 2021
Lompoc, CA 93438

Dear Mr. Hazen:

Subject: Fort Dodge Gopher Bait
EPA Registration No. 322-1
Your Letter Dated October 23, 1990

The additional precautionary label statement directed by the California Department of Food and Agriculture is acceptable.

The revised label submitted for this product is acceptable, except for the matter noted in the next paragraph. A stamped copy of the label is enclosed for your records.

At your next printing, replace the subheading "CAUTION:", under "NOTE TO PHYSICIAN," with "NOTICE:". This change will remove any apparent inconsistency between the use of "CAUTION" in this section and the use of the product's appropriate signal word ("DANGER") elsewhere on the label.

Sincerely yours,

Marilyn A. Mautz
Acting Product Manager (16)
