As A Room Deodorant:

General - Spray Glenvale into the air to remove obnoxious odors.

Kitchens - periodically spray closets, refrigerators, lockers and garbage receptacles to deodorize. Avoid any spraying of food.

Restrooms - in order to deodorize following normal cleaning of fixtures, spray on lavatories, showers, toilet bowls and seats.

As An Air Sanitizer:

Spray Glenvale upward toward ceiling in all directions to fill room with mist. Repeat at frequent intervals.

This product contains triethylene glycol and other active ingredients which temporarily reduce the number of airborne micro-organisms. When continuously dispensed to maintain suitable concentrations in closed spaces, it will aid in reducing the hazard of infection by airborne organisms.

CAUTION: DO NOT PUNCTURE, INCINERATE OR STORE ABOVE 125°F. DO NOT SPRAY INTO EYES OR OPEN FLAME.
