LIVESTOCK REMEDY - Not for human use.

CAUTION: Keep out of reach of children.
See side panel for additional precautions.

Net Weight - 10 Pounds Serial No.

MANUFACTURED BY
TEXAS PHENOTHIAZINE COMPANY
FORT WORTH, TEXAS 76106

DIRECTIONS FOR USE:

Apply TPC Hog Louse Granules evenly over the bedding at the rate of 1/2 pound per 100 square feet area. Apply with a scoop or can. Mixing of the bedding is not necessary. One treatment will control hog lice infestation when animals use the bedding regularly.

Notice: Replace the treated bedding with clean bedding or exclude the swine from the treated bedding two weeks prior to slaughter.

CAUTION: Harmful if swallowed. Avoid inhalation of granule vapors. Avoid contact with skin. Wash thoroughly with soap and water after handling. Do not contaminate feed or foodstuff. Note to Physician: Korlan is cholinesterase inhibitor. Atropine is antidotal.

NOTICE: Since the use of this product is beyond the manufacturer's control, neither The Texas Phenothiazine Company nor the seller makes any warranty expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use or handling of this material when such use or handling is contrary to label instructions.
